to have passion You have to have honesty in office You have to love the people Those words summed up the outlook if not always the actions of Chicago Mayor Richard M Daley Elected to govern a city roiled by racial and economic crises Daley adroitly wielded the tools of power in the rough and tumble world of Chicago politics Under his rule Chicago rebuilt a dying downtown becoming a cultural and tourism mecca punctuated by construction of the iconic Millennium Park To drive growth he engineered a massive expansion of O'Hare Airport To correct a historical injustice he razed the city's notorious public housing high rises as part of a sweeping plan to transform the lives of the city's poorest residents Yet corruption and graft City Hall's role in calamities like the 1995 heat wave and Daley's inaction in the face of evidence of police torture tarnished his many accomplishments A two time Daley chief of staff Forrest Claypool draws on his long career in local government to examine the lasting successes ongoing dramas and disastrous failures that defined Daley's twenty two years in City Hall Throughout Claypool uses Daley's career to illustrate how effectual political leadership relies on an adept and unapologetic use of power and how wielding that power without challenge inevitably pulls government toward corruption Awarts and all account of a pivotal figure in Chicago history The Daley Show tells the story of how Richard M Daley became the quintessential big city mayor *Freedom or Security* Michael Freeman,2003-05-30 Several democratic countries have used emergency powers to restrict or suspend individual liberties in order to fight terrorism more effectively Emergency powers are controversial in their potential to undermine democracy and civil liberties Freeman challenges popular arguments of both the supporters of emergency powers who focus on their expected effectiveness and the critics who focus on the dangers In reality the recent experiences of four different democratic states that have invoked emergency powers show that a positive outcome is just as likely as negative outcome As the United States fights its war against terrorism it should heed the lessons learned by other democracies in similar struggles particularly Great Britain's relationship with Northern Ireland in the 70s and 80s Uruguay's response to the Tupamaros in the late 60s and early 70s Canada's dealings with the FLQ in 1970 and Peru's conflict with the Shining Path movement in the 80s and early 90s
