David Campbell,2016-09-27 Who killed Arnold Gibbs is no great mystery Or is it Dallas homicide detective Reese Barrett
strives to solve a riddle which involved a suspect that has an alibi at the assumed time of death But more puzzling is why the
dying man was kidnapped from a coma ward in a major hospital when doctors projected he had only weeks to live And who is
the victim now occupying his bed forced into an irreversible coma and bearing Arnold Gibbss identification After his partner
is hospitalized Barrett finds hes alone in search of a solution to the puzzling conspiracy of murder which has a lot more
questions than answers His first solo case is complicated further by the reappearance of a ghost from his past an attractive
young woman whose search for justice for her murdered husband was blocked by Reeses incompetence as a rookie Reese
follows the threads of what is almost certainly a conspiracy well aware that the eyes of a woman he is growing to love had
witnessed his failure three years earlier This time he does not have the aid of his senior partner and will be totally
responsible for the outcome *Boot and Shoe Recorder* ,1907
