Asimovs Guide To The Bible Vol 2 The New Testament:

Asimov's Guide to the Bible, Volume Two Isaac Asimov, 1968 *Asimov's Guide to the Bible* Isaac Asimov, 1969 **The New Encyclopedia of Unbelief** Tom Flynn, 2007-04-30

Successor to the highly acclaimed Encyclopedia of Unbelief 1985 edited by the late Gordon Stein the New Encyclopedia of Unbelief is a comprehensive reference work on the history beliefs and thinking of America's fastest growing minority those who live without religion All new articles by the field's foremost scholars describe and explain every aspect of atheism agnosticism secular humanism secularism and religious skepticism Topics include morality without religion unbelief in the historicity of Jesus critiques of intelligent design theory unbelief and sexual values and summaries of the state of unbelief around the world In addition to covering developments since the publication of the original edition the New Encyclopedia of Unbelief includes a larger number of biographical entries and much expanded coverage of the linkages between unbelief and social reform movements of the 19th and 20th centuries including the labor movement woman suffrage anarchism sex radicalism and second wave feminism More than 130 respected scholars and activists worldwide served on the editorial board and over 100 authoritative contributors have written in excess of 500 entries The distinguished advisors and contributors philosophers scientists scholars and Nobel Prize laureates include Joe Barnhart David Berman Sir Hermann Bondi Vern L Bullough Daniel Dennett Taner Edis the late Paul Edwards Antony Flew Annie Laurie Gaylor Peter Hare Van Harvey R Joseph Hoffmann Susan Jacoby Paul Kurtz Gerd L demann Michael Martin Kai Nielsen Robert M Price Peter Singer Victor Stenger Ibn Warraq George A Wells David Tribe Sherwin Wine and many others With a foreword by evolutionary biologist and best selling author Richard Dawkins this unparalleled reference work provides comprehensive knowledge about unbelief in its many varieties and manifestations *The Revelation* David W. Edwards, 2023-06-29

How many times is Armageddon mentioned in the Bible Where do we find mention of the antichrist What is the mark of the beast How many battle scenes are there in the Revelation How many battles are there in the Revelation Which is the most musical book in the New Testament Where can I find a calendar of end times events These and many more questions are answered in this hopeful and inspiring treatment of one of the most controversial books of the Bible According to the author the book of the Revelation should bring hope and confidence to the Christian life not fear and despair It is a book that looks forward with the joyful anticipation of faith to the return of Christ and the ultimate restoration of God's good creation *The Sex Imperative* Kenneth E. Maxwell, 2013-11-11

The sex imperative the irresistible impulse to engage in sexual relations has enabled animals to share their genes and evolve Maxwell traces the progress of sex from the simple sharing of genes between cells to the elaborate courtship rituals that developed so sperm could merge with egg In the effort to join sperm and egg species have developed some astounding and unusual sexual adaptations As Maxwell vividly describes the sex lives of various creatures he attests to the resiliency and amazing adaptability of life to its everchanging environment By focusing on the diversity of animal sexual relationships Maxwell enables us to question the very basis of

sexuality What is sex Why did it evolve How does sexuality and survival shape the social behavior of animals and humans The sex imperative is indeed the driving force behind Darwin s theory of random variation and natural selection better known as survival of the fittest Maxwell goes so far as to investigate our latest accomplishment in the science of begetting offspring genetic engineering This awe inspiring and unique work celebrates the power and wonder of life and sexuality of all creatures including humans After reading this engrossing and illuminating work no one will ever think of evolution in the same way Jacket Deadly Therapy Michael Karson,2008-05-29

Deadly Therapy explores the implications of a dramaturgical approach to the therapy encounter and uses lessons from the theater to illustrate how to enliven psychotherapy Every psychotherapy is an interpersonal system in which power and privilege lead to self serving rules a

What Every Therapist Needs to Know Michael Karson,2018-06-20 With the ubiquity of knowledge on too many topics relevant to psychotherapy and life problems it is difficult for therapists to muddle through and stay up to date Therapists often have to choose between braving a bewildering onslaught of information and wishfully disregarding all that s out there What Every Therapist Needs to Know answers for therapists the practical humble question What do I need to know about a topic to practice competently This book provides an engaging overview on the topics that working clinicians need to know about while drawing parallels between the therapist s professional growth and the patient s personal growth Foundational knowledge on learning life and psychology segues into the therapy topics of conflict resolution the working alliance the therapeutic frame technique and feedback What Every Therapist Needs to Know emphasizes the application of psychological theories to the therapy itself and not just to the patient s life Asimov's Guide to the Bible Isaac Asimov,1969 A

Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Relics of the Christ Joe Nickell,2007-03-16 Religious relics defined as either portions of or objects connected with the

body of a saint or other holy person are among the most revered items in the world Christian relics such as the Holy Grail the True Cross and the Lance of Longinus are also the source of limitless controversy Such items have incited people to bloodshed and some say have been a source of miracles Relics inspire fear and hope among the faithful and yet are a perennial target for skeptics both secular and Christian To research the authenticity of numerous Christian relics Joe Nickell takes a scientific approach to a field of study all too often tainted by premature conclusions In this volume Nickell investigates such renowned relics as the Shroud of Turin the multiple heads of John the Baptist and the supposedly incorruptible corpses of saints first examining the available evidence and documented history of each item From accounts of true believers to the testimony of the relics alleged fabricators Nickell then presents all sides of each story allowing the evidence to speak for itself For each relic Nickell evaluates both the corroborating and contradictory bodies of evidence and explores whether the relic and attributed miracles can be reconstructed In addition to his own experiments Nickell presents findings from the world's top scientists and historians regarding these controversial objects of reverence and ire explaining the circumstances under which each case was examined Radiocarbon dating and tests to determine the validity of substances such as blood or patina indicate a variety of possible origins Nickell even reveals some of the techniques used to create archaeological forgeries and explains how investigators have exposed them Each relic is a mystery to be solved guided by the maxim extraordinary claims require extraordinary proof Nickell seeks only the truth
