Arab Development Denied Dynamics Of Accumulation And Dispossession:

Arab Development Denied Ali Kadri, 2014-07-24 In *Arab Development Denied* Ali Kadri takes a detailed look at issues of development and political economy in the Arab world which have been dramatically highlighted by the Arab Uprisings Kadri argues that the Arab world has been subjected to a process of accumulation by encroachment wars leading to de development Kadri describes de development as the conscious strategy of eroding the resources and capacities of nation states and removing from the peoples in those states the right to control their own resources Combining Keynesian Kaleckian and Marxian theories the book uncovers the historical dynamics behind the failure of development in the Arab world and points towards policies and strategies which can overcome this legacy

Arab Development Denied Ali Kadri, 2015-03-15 *Arab Development Denied* examines how over the last three decades the Arab world has undergone a process of developmental descent or de development As a result of defeat in wars the loss of security and sovereignty and even their own class proclivity the Arab ruling classes have been transformed into fully compradorial classes that have relinquished autonomy over policy The neoliberal policies adopted since the early eighties are not developmental policies but the terms of surrender by which Arab resources human or otherwise are stifled or usurped In this book Ali Kadri attributes the Arab world's developmental failure to imperialist hegemony over oil and the rising role of financialisation which goes hand in hand with the wars of encroachment that strip the Arab world of its sovereignty and resources

The Imperialist Question in Middle East and North Africa Matteo Capasso, Ali Kadri, 2025-10-27 This book reveals how today's devastating conflicts across Gaza Syria and the broader Middle East represent imperialism in its most destructive form Leading Area Studies scholars move beyond fragmented analyses to examine how US led imperial power functions as a comprehensive system from Tunisia's financial dependency to the weaponization of feminist discourse in justifying violence Central to this analysis is the concept of accumulation by waste demonstrating how systematic destruction has become imperialism's primary mechanism for maintaining regional control Through diverse case studies spanning North Africa to the Arabian Peninsula the authors illuminate how military interventions financial domination and ideological warfare work in concert to preserve Western hegemony Yet this collection also documents emerging alternatives from Palestinian resistance in Gaza to China's development model pathways beyond imperial control are taking shape This book is essential reading for anyone seeking to understand the forces shaping our world and the struggles necessary to transform it This volume speaks to students scholars and policymakers across International Relations Political Economy Marxist Studies Middle Eastern Studies and Critical Security Studies Originally published as a special issue of *Middle East Critique* this edition features three additional chapters and a thoroughly updated introduction that addresses recent developments across the region
