Ashes And Blood The British Army In South Africa 1795 1914

John McAleer

Ashes And Blood The British Army In South Africa 1795 1914:

Ashes and Blood Peter B. Boyden, Marion Harding, Alan James Guy, 1999 A collection of essays by twelve historians guides the reader through the history of the British Army's experiences in South Africa in the 120 years leading up to the First World War *The British Army Regular Mounted Infantry 1880-1913* Andrew Winrow, 2016-11-03 The regular Mounted Infantry was one of the most important innovations of the late Victorian and Edwardian British Army Rather than fight on horseback in the traditional manner of cavalry they used horses primarily to move swiftly about the battlefield where they would then dismount and fight on foot thus anticipating the development of mechanised infantry tactics during the twentieth century Yet despite this apparent foresight the mounted infantry concept was abandoned by the British Army in 1913 just at the point when it may have made the transition from a colonial to a continental force as part of the British Expeditionary Force Exploring the historical background to the Mounted Infantry this book untangles the debates that raged in the army Parliament and the press between its advocates and the supporters of the established cavalry With its origins in the extemporised mounted detachments raised during times of crisis from infantry battalions on overseas imperial garrison duties Dr Winrow reveals how the Mounted Infantry model unique among European armies evolved into a formalised and apparently highly successful organisation of non cavalry mounted troops He then analyses why the Mounted Infantry concept fell out of favour just eleven years after its apogee during the South African Anglo Boer War of 1899 1902 As such the book will be of interest not only to historians of the nineteenth century British army but also those tracing the development of modern military doctrine and tactics to which the Mounted Infantry provided successful if short lived inspiration

Britain's Maritime Empire John McAleer, 2017 Analyses the critical role played by the maritime gateway to Asia around the Cape of Good Hope in the development of the British Empire Focusing on a region that connected the Atlantic and Indian oceans at the centre of a vital maritime chain linking Europe with Asia the book re examines and reappraises Britain's oceanic empire **Impact of the South African War** D. Omissi, A. Thompson, 2016-01-20 This exciting new book marks a major shift in the study of the South African War It turns attention from the war's much debated causes onto its more neglected consequences An international team of scholars explores the myriad legacies of the war for South Africa for Britain for the Empire and beyond The extensive introduction sets the contributions in context and the elegant afterword offers thought provoking reflections on their cumulative significance **Engines for empire** Edward Spiers, 2017-03-01 Engines for Empire examines the use of the railway by the British army from the 1830s to 1914 a period of domestic political strife and unprecedented imperial expansion The book uses a wide array of sources and images to demonstrate how the Victorian army embraced this new technology how it monitored foreign wars and how it came to use the railway in both support and operational roles The British army's innovation is also revealed through its design and use of armoured trains the restructuring of hospital trains and in its capacity to build and repair railway track bridges and signals under field conditions

This volume provides insights on the role of railways in imperial development as a focus of social interaction between adversaries and as a means of projecting imperial power. It will make fascinating reading for students, academics and enthusiasts in military and imperial history, Victorian studies, railway history and colonial warfare. *In the Shadow of Isandlwana* John Laband, Ian, 2023-10-12 Lord Chelmsford is not a bad man. He is industrious and conscientious so far as his lights guide him. But nature has refused to him the qualities of a great captain. He has suffered much and is entitled to certain commiseration. Thomas Gibson Bowles, *Vanity Fair*. General Lord Chelmsford's military career took him around the world; he served in the Crimean War, the Indian Mutiny and the Abyssinian Expedition before commanding the British invasion of the Zulu Kingdom in South Africa. In January 1879 disaster struck when Chelmsford divided his forces at Isandlwana in the face of the enemy and the Zulu overwhelmed his camp, killing more than 1,300 of its defenders. Such a defeat was almost unprecedented in a Victorian colonial campaign. Despite Chelmsford's later victories at Gingindlovu and Ulundi, he was humiliatedly relieved of his command. His responsibility for Isandlwana dogged him for the rest of his days and he would forever be associated with this historic defeat. In this comprehensive new biography, Anglo-Zulu War specialist John Laband explores the personal character and military career of Lord Chelmsford, providing a well-rounded, well-balanced and well-informed picture of this complex military figure. *Hero of the Empire* Candice Millard, 2017-05-30 From the bestselling author of *Destiny of the Republic*, this thrilling biographical account of the life and legacy of Winston Churchill is a nail-biter and top-notch character study rolled into one. *The New York Times*: At the age of twenty-four, Winston Churchill was utterly convinced it was his destiny to become prime minister of England. He arrived in South Africa in 1899, with a valet and crates of vintage wine in tow, to cover the brutal colonial war the British were fighting with Boer rebels and jumpstart his political career. But just two weeks later, Churchill was taken prisoner. Remarkably, he pulled off a daring escape, traversing hundreds of miles of enemy territory alone with nothing but a crumpled wad of cash, four slabs of chocolate and his wits to guide him. Bestselling author Candice Millard spins an epic story of bravery, savagery and chance encounters with a cast of historical characters including Rudyard Kipling, Lord Kitchener and Mohandas Gandhi, with whom Churchill would later share the world stage. But *Hero of the Empire* is more than an extraordinary adventure story; for the lessons Churchill took from the Boer War would profoundly affect twentieth-century history. Look for Candice Millard's latest book, *River of the Gods*. [The Transvaal Rebellion](#) John Laband, 2014-07-10 This book takes a unique look at the first Boer War by concentrating on the events and battles of the First Boer War. Due attention is also given to the 2nd Boer War, its origins, key players and significance for the future of South Africa. The personal stories of heroism and sacrifice, sieges, rebellions and battles make for an enthralling and dramatic tale, a classic of military history that will find a ready audience amongst military enthusiasts. *A Companion to Women's Military History* Barton Hacker, Margaret Vining, 2012-08-17 This volume addresses the changing relationships between women and armed forces from antiquity to the present. Eight chapters review the existing literature, an extended

picture essay visually documents women s military work and eight chapters illustrate more restricted topics **Soldiers and Settlers in Africa** Stephen M. Miller, 2009 This book revisits some of the most significant guerrilla struggles of the late 19th century all set in Africa and remind readers in light of current events the difficulties involved in engaging in this type of conflict

Eventually, you will categorically discover a other experience and skill by spending more cash. still when? accomplish you agree to that you require to acquire those all needs gone having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more concerning the globe, experience, some places, in the same way as history, amusement, and a lot more?

It is your completely own get older to pretend reviewing habit. among guides you could enjoy now is **Ashes And Blood The British Army In South Africa 1795 1914** below.
