Change Susan Lee Pasquarelli,Robert A. Cole,Michael J. Tyson,2023-07-03 There has been enormous growth in faculty led short term study abroad programs because they offer flexibility and expand opportunities for students and faculty members who wish to study and work abroad but do not have the resources or time to spend a semester or year away These experiential programs offer unique opportunities for university faculty to teach their disciplines abroad while engaging students in direct authentic cultural encounters for transformative change This volume provides a detailed framework and guidance on how to plan and implement a faculty led study abroad program Seasoned faculty leaders and administrators describe an overall program development process comprehensively identify the elements for designing the curriculum and offer advice and solutions to unique challenges inherent in various types of programs The contributors cover the logistics for managing program details at home and abroad provide advice on writing a university proposal creating a budget the marketing and recruitment of students handling abroad logistics and preparing students for the abroad experience all illustrated by examples drawn from their experiences Most importantly readers will come to understand the difference between experiences that are more touristic than scholarly and gain guidance on designing or redesigning their own programs to ensure academically sound culturally relevant curricula that complements the international field site The opening section sets the scene by describing the overall process of designing and delivering faculty led abroad programs from conception to implementation The core of the book is grounded in evidence based research for designing international curricula and syllabi and includes five case studies illustrating short term programs focused on interdisciplinary subject

matter field study global service learning internship immersion and language and cultural study This practical guide concludes with faculty activities critical to a program's success marketing and recruiting students preparing teaching events for before during and after the abroad experience and formulating a plan to leave a small footprint abroad This book constitutes a handbook for college and university professors who plan to or already conduct short term study abroad programs as well as administrators and staff of global and international programs Contributors Bilge Gokhan Celik Robert A Cole Darla K Deardorff Candela Gala Javier Garcia Garrido Dale Leavitt Roxanne O Connell Susan Lee Pasquarelli Michele V Price Autumn Quezada de Tavaréz Victor Savicki Michael Scully Michael Tyson Kerri Staroscik Warren Paul Webb Brian Wysor Min Zhou *The Cambridge Handbook of Intercultural Communication* Guido Rings, Sebastian Rasinger, 2020-04-23 A highly interdisciplinary overview of the wide spectrum of current international research and professional practice in intercultural communication this is a key reference book for students lecturers and professionals alike Key examples of contrastive interactive imagological and interlingual approaches are discussed as well as the impact of cultural economic and socio political power hierarchies in cultural encounters essential for contemporary research in critical intercultural communication and postcolonial studies The Handbook also explores the spectrum of professional applications of that research from intercultural teaching and training to the management of culturally mixed groups facilitating use by professionals in related fields Theories are introduced systematically using ordinary language explanations and examples providing an engaging approach to readers new to the field Students and researchers in a wide variety of disciplines from cultural studies to linguistics will appreciate this clear yet in depth approach to an ever evolving contemporary field

Education Abroad and the Undergraduate Experience Elizabeth Brewer, Anthony C. Ogden, 2023-07-03 Co published with This volume focuses on two questions First how can education abroad be embedded into undergraduate education so that students experience it as an integral component of their education and something they help shape rather than as time away from their education and as a commodity to be consumed Second how can colleges and universities maximize the educational value of education abroad by forging stronger connections between it and other undergraduate experiences The volume argues that learning abroad be positioned within the work of the larger institution and students overall education Organized within three sections this volume makes the case that learning abroad must be positioned within the work of the larger institution and students overall education In doing so it questions many current assumptions and stimulates thinking about the power of an integrative approach to education abroad to lead to lasting educative value An integrative approach requires that students be afforded multiple opportunities and ongoing support to draw connections with their learning abroad with other dimensions of their undergraduate education Chapters cover topics such as the additive value of integrating multiple HIPs with education abroad to span disciplinary boundaries and promote an array of soft or operational skills the importance of maintaining the disruptive quality of the encounter with the foreign to enrich study at home issues of commodification and

reciprocity increasing access to study abroad to community college particularly adult populations facilitating students social and intellectual development identity formation and reflective practice rethinking orientation programming to emphasize the continuity of learning pre during and post education abroad asking fundamental questions about the purpose of education abroad to rethink assessment and its purposes the faculty role in the internationalization of the curriculum and developing more intentional relationships with in field partners and international educational organizations to more effectively connect leaning abroad with other dimensions of undergraduate education For everyone involved in international education whether SIOs faculty department chairs or deans the critical questions and new perspectives offered here will inform and shape the growing movement to integrate education abroad with the overall undergraduate experience

The Routledge Handbook of Language and Intercultural Communication Jane Jackson, 2020-04-29 The Routledge Handbook of Language and Intercultural Communication provides a comprehensive historical survey of language and intercultural communication studies with a critical assessment of past and present theory research and practice as well as an insight into future directions Drawing on the expertise of leading scholars from different parts of the world this second edition offers updated chapters by returning authors and many new contributions on a broad range of topics including reflexivity and criticality translanguaging and social justice in relation to intercultural communication With an emphasis on contemporary critical perspectives this handbook showcases the varied range of issues perspectives and approaches that characterise this increasingly important field in today s globalised world Offering 34 chapters with examples from a variety of languages and international settings this handbook is an indispensable resource for students and scholars working in the fields of intercultural communication applied linguistics TESOL TEFL and communication studies
