violence the supreme test of sailors and ships It is the oceanic equivalent of the climbers Everest and the challenge to some became irresistible The roll call of sailors who have managed to round the Horn east about and more rarely head to wind and west about glitters with the names of sailing legends Vito Dumas Marcel Bardiaux Francis Chichester Robin Knox Johnston Bernard Moitessier and Chay Blyth This book recounts the history of the Cape through the stories of the people who ve taken it on and made it round the Cape Horners Club From the first recorded single hander in 1934 Al Hansen who was lost shortly afterwards and his body never found we follow these very different protagonists as they pursue the ultimate goal while battling almost overwhelming odds Woven through their stories is a history of the Cape from its discovery to its use as a trading corridor until the opening of the Panama Canal to its more recent role as a pure challenge for the best yachtsmen and yachtswomen in the world Changes in weather prediction and navigation have had a huge impact but the pressure for ever faster times has never been greater *Catalog of Copyright Entries.
