Open Government: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2019-09-06 Open government initiatives have become a defining goal for public administrators around the world As technology and social media tools become more integrated into society they provide important frameworks for online government and community collaboration However progress is still necessary to create a method of evaluation for online governing systems for effective political management worldwide Open Government Concepts Methodologies Tools and Applications is a vital reference source that explores the use of open government initiatives and systems in the executive legislative and judiciary sectors It also examines the use of technology in creating a more affordable participatory and transparent public sector management models for greater citizen and community involvement in public affairs Highlighting a range of topics such as data transparency collaborative governance and bureaucratic secrecy this multi volume book is ideally designed for government officials leaders practitioners policymakers researchers and academicians seeking current research on open government initiatives

Power System Grid Operation Using Synchrophasor Technology Sarma (NDR) Nuthalapati, 2018-05-29 This book brings together successful stories of deployment of synchrophasor technology in managing the power grid The authors discuss experiences with large scale deployment of Phasor Measurement

Units PMUs in power systems across the world enabling readers to take this technology into control center operations and develop good operational procedures to manage the grid better with wide area visualization tools using PMU data *Space and Organizational Considerations in Academic Library Partnerships and Collaborations* Doherty, Brian, 2016-04-25 A vital component of any academic institution libraries are held to and expected to maintain certain standards In order to meet these standards and better accommodate the student and faculty body they serve many libraries are recognizing the benefit of forging relationships with other professional and academic entities *Space and Organizational Considerations in Academic Library Partnerships and Collaborations* is a pivotal reference source for the latest scholarly research on and methods for utilizing existing spaces within libraries to facilitate collection development in addition to discussions on how on campus and off campus partnerships can assist in this endeavor Focusing on issues related to faculty and researcher collaborations collection management and professional development this book is ideally designed for administrators librarians academicians MLIS students and information professionals *The Handbook of Archival Practice* Patricia C. Franks, 2021-09-12 To meet the demands of archivists increasingly tasked with the responsibility for hybrid collections this indispensable guide covers contemporary archival practice for managing analog and digital materials in a single publication Terms describing activities central to the archival process such as appraisal acquisition arrangement description storage access and preservation are included In addition responsibilities traditionally considered outside the purview of the archivist but currently impacting professional activities such as cybersecurity digital forensics digital curation distributed systems e g cloud computing and distributed trust systems e g blockchain are also covered The Handbook is divided into ten sections current environment records creation and recordkeeping systems appraisal and acquisition arrangement and description storage and preservation digital preservation user services community outreach and advocacy risk management security and privacy and management and leadership Some terms touch on more than one category which made sorting a challenge Readers are encouraged to consult both the table of contents and the index as a topic may be addressed in more than one entry A total of 111 entries by 105 authors are defined and described in The Handbook The majority 79 of the contributors were from the US 12 from Canada 7 from the United Kingdom 3 from Australia 1 each from Germany Jamaica New Zealand and the Russian Federation Because archival practice differs among practitioners in different countries this work represents an amalgamation The Handbook was written primarily for archival practitioners who wish to access desired information at the point of need However can also serve as a valuable resource for students pursuing careers in the archival profession and information professionals engaged in related fields **Historic Restaurants of Billings** Stella Fong , 2015-11-02 A history beginning in 1882 of the restaurants bakeries chefs and entrepreneurs who shaped the culinary landscape of Billings Montana *Student Affairs Professionals Cultivating Campus Climates Inclusive of International Students* Helen Park Jameson, J. Renay Loper, 2017-06-21 With the increase in the international student population student affairs professionals need a deeper

understanding of the challenges and benefits of globalizing a campus This volume Examines how student affairs professionals and their campus partners might welcome diverse populations of international students Provides strategies for enhancing interactions between international and domestic students as well as the greater campus community Offers innovative culturally competent approaches to working with international students Shares ways to inclusively and effectively educate and support international students to succeed on campuses in the USA Shares examples of innovative programs designed to increase cultural competence and be more inclusive of international students both inside and outside the classroom This sourcebook explores the various ways international students in the United States strengthen our country and campus communities further citizen diplomacy increase intercultural competency skills and develop more global mindsets This is the 158th volume of this Jossey Bass higher education quarterly series An indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals New Directions for Student Services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual

New Directions in the Anthropology of Dreaming Jeannette Mageo, Robin E. Sheriff, 2020-10-08 This book presents new directions in contemporary anthropological dream research surveying recent theorizations of dreaming that are developing both in and outside of anthropology It incorporates new findings in neuroscience and philosophy of mind while demonstrating that dreams emerge from and comment on sociohistorical and cultural contexts The chapters are written by prominent anthropologists working at the intersection of culture and consciousness who conduct ethnographic research in a variety of settings around the world and reflect how dreaming is investigated by a range of informants in ever more diverse sites As well as theorizing the dream in light of current anthropological and psychological research the volume accounts for local dream theories and how they are situated within distinct cultural ontologies It considers dreams as a resource for investigating and understanding cultural change dreaming as a mode of thinking through contesting altering consolidating or escaping from identity and the nature of dream mentation In proposing new theoretical approaches to dreaming the editors situate the topic within the recent call for an anthropology of the night and illustrate how dreams offer insight into current debates within anthropology's mainstream This up to date book defines a twenty first century approach to culture and the dream that will be relevant to scholars from anthropology as well as other disciplines such as religious studies the neurosciences and psychology

Research Methods for Librarians and Educators Ruth V. Small Ph.D., Marcia A. Mardis, 2018-04-19 Using an innovative real world approach that makes the research problem and method relevant and valuable to the reader this book provides a broad overview of research methods used in library and information studies and associated fields Research remains a core purpose of every library This book provides a text for LIS students and a practical handbook to librarians and other educators who need to conduct research in their libraries In Research Methods for Librarians and Educators contributors reinforce the essential nature of research and provide readers with the confidence

that they can conduct research to find solutions to various problems and improve their libraries and library programs The book details various research methodologies and uses a unique perspective on research that presents authentic scenarios to immediately make the research problem and method relevant and valuable to the reader It covers topics ranging from various research methods including Causal Collaborative Design Based Research Longitudinal and Mixed Methods as well as interview methods learning assessment literature review and observation and survey methods Each chapter includes questions intended to spark discussion and deeper reflection that make the book more useful in learning settings The summary charts throughout provide a handy and easy reference for readers who want a quick refresher on the research method without rereading the entire chapter
