

A high-angle, wide shot of a large, empty auditorium. The room is filled with rows of white, modern-style chairs with dark brown armrests, arranged in a semi-circular pattern. The floor is covered in a deep red carpet. In the background, there are large, ornate columns and a balcony with a glass railing. The text "AUDIENCE CHAIRS" is overlaid in the center in a large, bold, red font with a white outline.

An Audience Of Chairs

Heinrich Kuttruff, Michael Vorländer

An Audience Of Chairs:

An Audience of Chairs Joan Clark, 2005 Like beauty madness altered perception but instead of offering illusion it offered delusion Moranna learned the tricks madness played on perception the hard way as experience showed her how persuasively madness distorted reality Experience also showed her that if she hung on long enough the panic would subside and the delusions would pass There were many dawns on the ferry when the sight of the ugly smoke stacks reassured her They were proof that once again she had won the showdown with the voice and had delivered herself to the dawn wholly alive p 286 Joan Clark's *An Audience of Chairs* opens with Moranna MacKenzie living alone in her ancestral Cape Breton farmhouse waging a war with the symptoms of bipolar disorder and grieving the loss of her two daughters taken from her over thirty years previously There are few people remaining in her life as Moranna cannot help but tax the patience of nearly everyone she encounters Her long suffering brother Murdoch has her best interests at heart though he is fatigued by her enormous needs and pressured by his ambitious wife to invest less time in her Pastor Andy politely sloughs off the peculiarly intelligent yet unpalatable sermons Moranna pens for him Her neighbour Lottie knows what it is to be an eccentric and can be counted on to come through in a pinch The local RCMP constabulary smooths over her legal scrapes And her lover Bun who lives with her when not working on the ferries between Cape Breton and Newfoundland knows how to give her a wide berth on her foul weather days Thanks to the assistance of these sometimes reluctant guardian angels as well as to the carefully planned inheritance left by her father not to mention her own sheer ingenuity Moranna has managed to get by all these years despite small town gossips and tormenting youths Through a series of flashbacks we learn more about the devastating effects of Moranna's mental illness on her life and that of her family But *An Audience of Chairs* also gives us a glimpse into the mind of a true iconoclast and wild spirit who has managed despite overwhelming odds to keep hope alive In her early years Moranna's accomplishments and beauty along with the protection of a father who saw glimmers of his suicidal wife in his beloved daughter allow her to struggle through childhood and adolescence in Sydney Mines relatively unscathed She is a gifted pianist a magazine covergirl and a promising actress when she makes a brilliant marriage to an up and coming young journalist Duncan But she soon finds herself unmoored by motherhood and the oddities that the people in her life have always chosen to overlook become more difficult to disguise with drama and wit when maternal expectations are placed upon her Her staged life comes crashing down around her ears when she is left alone with her daughters and in a manic artistic phase risks their lives terribly Her family can no longer explain away her eccentricities her husband forsakes her and she is institutionalized her children taken from her forever No longer playing the roles of perfect daughter wife and mother the devastated Moranna falteringly gropes for purpose in her life She returns to the inherited Baddeck farmhouse and inspired by a vision she has of her great aunt Hettie whose stories of their Scottish ancestors once filled the youthful Moranna's imagination with stories of valour earns a small income as a woodcarver She carves for tourist sales the

courageous and larger than life people of her clan to whose histories she clings in order to reinforce her belief in her pedigree as a lionheart so much more comforting than the spectre of madness lurking in her maternal lineage She enthalls the audiences in her mind in reality an audience of chairs with daily virtuoso performances on the piano bo *Room Acoustics* Heinrich Kuttruff, Michael Vorländer, 2024-07-24 Well established as a classic reference and specialized textbook since its first publication in 1973 *Room Acoustics* combines detailed coverage with a state of the art presentation of the theory and practice of sound behaviour in enclosed spaces This seventh edition is developed to cover new measurement and simulation techniques including sections on spatial and directional analysis and on recent psychophysical experimental approaches to determining auditory perception in concert halls Other important topics include the various mechanisms of sound absorption and their practical application as well as scattering through wall corrugations The design and performance of sound reinforcement systems is also updated As in previous editions special emphasis is placed on the properties and calculation of reverberation The book particularly suits graduate students in the field acoustical engineers and architects
