An Enquiry Concerning Human Understanding Oxford Worlds Classics:

The Interpretation of Dreams Artemidorus, 2020 Artemidorus The Interpretation of Dreams Oneirocritica is the richest and most vivid pre Freudian account of dream interpretation and the only dream book to have survived complete from Graeco Roman times Written in Greek around AD 200 when dreams were believed by many to offer insight into future events the work is a compendium of interpretations of dreams on a wide range of subjects relating to the natural human and divine worlds It includes the meanings of dreams about the body sex eating and drinking dress the weather animals the gods and much else Artemidorus technique of dream interpretation stresses the need to know the background of the dreamer such as occupation health status habits and age and the work is a fascinating social history revealing much about ancient life culture and beliefs and attitudes to the dominant power of Imperial Rome

Epigrams Martial, 2015 This new parallel text prose translation of a generous selection of Martial s witty and satiric epigrams pulls no punches and matches the boldness of the originals They bring Imperial Rome vividly to life The edition establishes Martial s originality as a literary author and includes a full introduction and notes

Estate Management and Symposium Xenophon, 2022-05-16 Xenophon was acknowledged in Antiquity as a philosopher a historian third in the triad of great Classical historians alongside Herodotus and Thucydides and a literary artist His narrative was appreciated for its literary qualities including its charm wit vigour and sweetness for which he was hailed as Attic Muse Diogenes Laertius 2 6 57 The Oeconomicus describes Socrates conversing on the topic of successful management of one s oikos household estate The focus is a well to do Athenian household which proves a testing ground for the moral qualities or gentlemanliness of the male head of household but also a space in which the role and agency of women turns out to be key Symposium shifts to the male space of the men s quarters of the private home to describe an evening of conversation and entertainment at the house of an Athenian plutocrat Far from being simply a lighthearted affair the conversation probes timeless questions regarding wisdom love and female capacity and over it looms the deadly serious matter of Socrates trial and death Both works are rich sources for Athenian social history of the Classical period Oeconomicus in particular offers insights on the role and status of women in Ancient Athens Xenophon doesn t however passively reflect the social realities he saw around him or supply snapshots of historical actuality

Anecdotes and Antidotes Ibn Abi Usaybi'ah, 2020-06-25 To my knowledge no one has ever written a comprehensive book dealing with physicians through the ages and recounting their history in a coherent fashion So wrote Syrian physician Ibn Abi Usaybi ah circa 1243 as he embarked on the first world history of medicine ever attempted Many physicians served at the royal courts of their time and were firmly part of the intellectual and cultural scene where the ability to write stylishly and entertain one s peers in both prose and verse was the basis of social credibility The work Ibn Abi Usaybi ah created contains over 432 biographical accounts of physicians from those of ancient Greece such as Galen through Avicenna and Maimonides to the author s own colleagues of the 13th century As such his work includes important accounts of medical activity in medieval

hospitals Through this book a window opens not only on to the origins of the medical profession but also into the truly multi cultural multi religious world of the medieval Middle East Anecdotes and Antidotes is an abridged version of this world history of medicine It comprises 103 biographies of physicians and philosophers organized geographically and chronologically from the 4th century BC to the 13th century and includes seminal Muslim Christian and Jewish figures It contains vital medical and historical information as well as revealing the cultural values interests and concerns of the literary and intellectual elite of the time

Wasps and Other Plays Aristophanes,2024-03-14 This is the third and final volume of a new verse translation of the complete plays of Aristophanes by Stephen Halliwell The translations combine accuracy with an attempt to capture the rich dramatic and literary qualities of Aristophanic comedy

The Masnavi Ġālāl al-Dīn Rumī,2017 Rumi is the greatest mystic poet to have written in Persian and the Masnavi written in six books is his masterpiece It conveys a message of divine love in entertaining stories and homilies The focus of Book Four is with the mystical knowledge of the spiritual guide

Alexandra Lycophron,2022 The Alexandra attributed to Lykophron is a minor poetic masterpiece At 1474 lines it is one of the most important and notoriously difficult Greek poems dating from the Hellenistic period

His Last Bow Arthur Conan Doyle,2025-01-03 There s an east wind coming such a wind as never blew on England yet Arthur Conan Doyle s His Last Bow features a selection of Sherlock Holmes stories written at a time of growing tensions in Europe First published as a collection in 1917 against the backdrop of the First World War the volume covers tales that deviate from the pattern of earlier Sherlock adventures which focus on individual culpability and the comfort of a simplistic restoration of order The titular story in this collection was influenced by Doyle s personal experience of the war and in these tales the solutions to seemingly small scale local mysteries uncover crimes concerning national security or even expose the covert evil actions of organizations and powerful dictators This edition contains a new introduction by Trish Ferguson which offers a richly detailed contextual backdrop for understanding the work as an act of war service designed to offer a morale boost to both British troops abroad and readers at home

ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Tractatus Logico-Philosophicus Ludwig Wittgenstein,2023-04-11 what can be said at all can be said clearly and of what one cannot talk about that one must be silent Wittgenstein s Tractatus Logico Philosophicus first published in German in 1921 and in English translation in 1922 is one of the most influential philosophical texts of the twentieth century It played a fundamental role in the development of analytic philosophy and its philosophical ideas and implications have been fiercely debated ever since This new translation improves on the two main earlier translations taking advantage of the scholarship over the last century that has deepened our understanding of both the Tractatus and Wittgenstein s philosophy more generally scholarship

that has also involved discussion of the difficulties in translating the original German text and the issues of interpretation that arise Michael Beaney's translation is accompanied by two introductory essays the first explaining the background to Wittgenstein's work its main ideas and their subsequent development and influence and some of the central debates and the second providing an account of the history of the text and the two earlier translations It is accompanied by detailed notes explaining key points of translation and interpretation a glossary chronology and other editorial material designed to help the reader understand the Tractatus and its place in the history of philosophy The Blazing World and Other Writings

Margaret Cavendish, 2025-06-05 I had rather die in the adventure of noble achievements than live in obscure and sluggish security One of the most diverse prolific and maverick intellectuals of her time Margaret Cavendish is known for critiquing a wide range of early modern cultural and philosophical beliefs While she was the first British woman to publish several philosophical treatises she was also profoundly interested in literature and writing in nearly every available genre indeed with her wide ranging complex and often unorthodox ideas she was a pioneer of what today would be referred to as science fiction In this edition Lisa Walters brings together well known and popular works such as The Blazing World alongside lesser known poems and prose pieces like The Ambitious Traitor and The Unnatural Tragedy The introduction discusses the wide ranging concepts that appear in the writings from gender and cross dressing to science and the nature of the universe and provides a fresh insight on Cavendish's proclivity for literary experimentation and innovation
