Introduction to Medieval Theology Rik Van Nieuwenhove, 2022-03-24 This classic book now in a second expanded edition is an invitation to think along with major theologians and spiritual authors men and women from the time of St Augustine to the end of the fourteenth century who profoundly challenge our post modern assumptions Medieval theology was radically theocentric Trinitarian Scriptural and sacramental yet it also operated with a rich notion of human understanding In a post modern setting when modern views on autonomous reason are increasingly questioned it is fruitful to re engage with pre modern thinkers who did not share our modern and post modern presuppositions Their different perspective does not antiquate their thought on the contrary it makes them profoundly challenging and enriching for theology today This survey introduces readers to key theologians of the period and explores themes of the relationship between faith and reason the mystery of the Trinity soteriology Christian love and the transcendent thrust of medieval thought The Medieval

Theologians G. R. Evans, 2001-02-08 The Medieval Theologians provides a clear and comprehensive introduction to the period through an examination of the key individual theologians of the time Chronologically arranged it allows students to explore this crucial period when so many important theological developments took place Covers the important period from the 5th to the 16th centuries when theology took shape as an increasingly formal subject of academic study The only book to trace developments in the field by individual theologian rather than thematically as is the case in other texts Provides a unique and distinctively theological perspective Written by leading authorities from around the world **The Medieval Theologians**
