How to Talk to an Alien Nancy du Tertre,2015-10-19 Even for nonbelievers the author s palpable excitement over the subject matter is endearing and entertaining Ufologists won t want to miss this work Foreword Reviews In 1972 American astronomer and ufologist J Allen Hynek first coined the term close encounter He also identified three types of close encounters with UFOs Since then several more types of encounters have been proposed A close encounter of the fourth kind is an alien abduction A closer encounter of the fifth kind is voluntary bilateral contact with an alien species We are no longer just looking at strange flying objects in the skies now we are beginning to interact with the actual pilots crew and passengers Do aliens exist In 2013 one poll showed that nearly half of all Americans 48 percent believe UFOs may be a sign of extraterrestrial visitation another found that 10 percent of Americans claim to have actually witnessed an actual UFO and yet another showed that 29 million Americans believe they had actually been abducted by aliens If aliens exist and are visiting us we need to talk Who will speak to them on behalf of planet Earth Who can translate their intentions good or evil toward the human race How can we learn about their advanced technologies Can aliens speak human languages These and even more fascinating questions are all addressed in How to Talk to an Alien Nancy du Tertre covers the various considerations

involved with extraterrestrial communication including the use of alien technology ET linguistics and the possibility of using telepathy and dreams Her handbook for the future should be on every thinking person s bookshelf Jim Marrs New York Times bestselling author Aliens in the Bible John W. Milor,2000-04-04 To get more information on this book and my other books check out my website at www.AliensInTheBible.com When reading the Bible readers usually find moral guidance sometimes they perceive a sense of poetic beauty But how often do readers fall into the pages and swim among the ancient Hebrew characters How many people transcend the eons of time within the ancient text of the Bible then look up from their reading and consider for a moment that they are mysterious beings immersed in a mysterious creation How odd this current world must have looked we with our televisions space shuttles and computers in the visions of the prophets of old and how odd the world of antiquity looks to us today a world of giants magicians and sorcerers a world of legendary gods coming from the heavens Aliens in the Bible is a book of possibilities No claim of supreme knowledge in biblical interpretation is made rather scripture is presented and with it the pondering mind of the author Some pondering may be perceived as utterly preposterous despite the fact that science and historical literature other than the Bible may also support some suggested theories Nevertheless this book should be a healthy read it should touch the unseen eyes of the soul which delight in the revelations of the invisible realm Aliens in the Bible is researched information that places paranormal subjects into three categories supernatural entities realms of existence and phenomenon Within the scope of paranormal phenomenon unlike the title of this book may suggest a host of topics are covered Along with the existence of aliens ghosts thought forms artificial intelligence monsters and mythical beings are also discussed all with a biblical interpretation The realms of heaven and hell are explained in depth Other paranormal phenomenon such as reincarnation PSI astral projection stigmata and more are also elaborated upon Some of the theories presented in this book might make the average Christian laugh Indeed they could be embossed on the front page of a tabloid Some of them are as follows 1 The beast spoken of in the book of Revelation might actually be an artificial intelligent life form 2 The giants of Genesis chapter 6 were genetically engineered hybrids of humans and fallen angels Dinosaurs and other monstrous prehistoric beasts were the results of precursory genetic experimentation leading up to the Nephilim giants 3 Astral projection was practiced at the Tower of Babel This ability aided in the growth of exponential knowledge 4 Satan once ruled a host of planets his home world was called Rahab God destroyed this world it became what is now known as the asteroid belt 5 The heaven reported by many non Christians that have had NDEs Near Death Experiences isnt really heaven at all Its actually a vacated paradise located within the midst of Hades ruled by demonic entities 6 What people perceive as reincarnation is actually possession of the deceased This book may be accused of not being focused on the primary message of the Bible The heart of scripture is the heart of God that He imbed Himself inside the body of a human being by the name of Jesus and willingly allowed Himself to be murdered Why did He do this Because He demands perfect justice yet seeing that we can never pay this price He paid it for us if only we accept Him on

His terms Instead this books focus is on items that may be deemed a value of secondary importance in comparison with the essentials of the Christian faith such as the love of God the immaculate conception of Christ His work of salvation on the cross moral absolutes etc To all Christian readers I humbly request you humor this work for this book should serve a valuable twofold purpose First of all it will witness to seekers who often immerse themselves in the study of the Bible and the Christian faith
