Salisbury,2023-02-02 Do UFOs really exist Noted scientist Frank B Salisbury in collaboration with Joseph Junior Hicks tries to answer this question by examining UFO data in the context of modern science In the process he and Hicks interview countless Utah witnesses who adamantly insist they encountered a flying saucer Shedding new light on the UFO mystery this authoritative volume brings to life dramatic eyewitness accounts that address this timeworn puzzle from a scientific viewpoint Prepare to be pulled to the edge of your seat and held spellbound until the last page **The Lure of the Edge** Brenda Denzler,2001-11-07 A scholarly exploration of the UFO movement probes life on the fringes of modernity tracing the fascinating links between science and religion implied by this philosophy **Jaredites: the Missing Civilization X** Jim Hendleman,2013-05-20 This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2 500 years The Jaredite civilization spanned a possible 2 530 years and its known achievements have far exceeded those of modern mans in many regards In c 2800 BC the Jaredites built a pair of concrete superhighways over 2 700 miles complete with paved exits and a secondary road network nearly the entire length of the South American continent

Their civilization could answer the riddles of the Sphinx the questions of who built the pyramids and why the mystery and likely origin of UFOs prove whether or not George Lucas had the only ET detail what Noah brought aboard the ark besides three sons and their families and provide an answer to the question posed to Dr J Robert Oppenheimer by a student as to whether Alamogordos nuclear bomb in July 1945 was the first ever atomic bomb explosion in history Many other possible but likely Jaredite achievements are incredibly fascinating and await only an honest archaeological effort to prove them The historical facts exist they are real and three dimensional but to date standard classical science has relegated them to the dustbin of historys forgotten basement closet Satan has made a tremendous effort since mankinds beginning to keep man blinded to the historical facts of our heritage causing the deliberate destruction of millions of artifacts scrolls books and whole libraries throughout the world to do so This book is but a small effort to expose and make known a portion of mankinds previously hidden but rightful heritage

What The Prophet Ether Couldn t Tell Us: Book 2 of 3 Jim Hendleman, 2021-04-13 BACK COVER The sequel to the Jaredite s Civilization What the Prophet Ether couldn t Tell Us is finally out Book III to shortly follow Book II tells of the life and times of the Jaredites the greatest civilization to have ever lived on Planet Earth It details their earliest beginnings and enumerates some of their many achievements and accomplishments It is first mentioned within the Book of Mormon in Ether 1 42 44 Ether was later directed by God to remove everything about them save for their earliest beginnings at the Tower of Babel in Iraq and a few brief tales of their spiritual trials and wars up to their final Civil War Mainstream Archaeology refuses to address this civilization because it would reveal Archaeology s canards about evolution and their false narrative about the Origin of Man The Jaredites settled and colonized South and North America Lemuria Antarctica The British Isles and most of western Europe plus the lands of China and India

For nearly 2 530 years they maintained a world wide civilization My research has uncovered many details of Jaredite life and their physical characteristics that the prophet Ether was not allowed to tell us They built all of Egypt Their Hindu colony fought at least two internal nuclear wars They colonized throughout our entire Solar System most moons and all the planets have their cities mainly covered by 7 mile high glass domes except Jupiter and Saturn These two planets each have possible Star War size moons that could be artificial space stations Mars used to be a moon to its now exploded primary which is now the Asteroid Belt Their Martian cities are so immense that New York City and Shanghai combined wouldn't be considered a nickel in a handful of change in comparison to them Jaredite leftovers are all over Earth if one knows when to look for them Book III details a few of their many wars as well as their final Civil War the first year or two which were nuclear Through their longevity they were able to develop their physics to the point to where they could control the weather as well as to weaponize its component parts And their final long prophesied death

Jaredites Jim Hendleman, 2013-05 Jaredites The Missing Civilization X Jim Hendleman This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2 500 years The Jaredite Civilization spanned a possible 2 530 years in length and their known achievements alone have far exceeded those of modern man's successes in many regards In c 2500 BC the Jaredites built a pair of concrete super highways over 2 700 miles complete with paved exits and a secondary road network nearly the entire length of the South American continent Their civilization could answer the riddles of the Sphinx the questions of who built the pyramids and why the mystery and likely origin of UFO's prove whether or not George Lucas had the only ET detail what Noah brought aboard the Ark besides three of his sons and their families and provide an answer to the question posed to Dr J Robert Oppenheimer by a student as to whether Alamogordo's nuclear bomb in July 1945 was the first ever atomic bomb explosion in history Many other possible but likely Jaredite achievements are incredibly fascinating and await only an honest archaeological effort to prove them The historical facts exist they are real and three dimensional but to date standard classical science has relegated them to the dustbin of history's forgotten basement closet Satan has made a tremendous effort since mankind's beginning to keep man blinded to the true historical facts of our heritage causing the deliberate destruction of millions of artifacts scrolls books and their libraries throughout the world to do so This book is but a small effort to expose and make known a portion of mankind's previously hidden but rightful heritage
