## **All Will Be Revealed:**

*The Latter-Day Saints' Millennial Star*, 1853      **The Shepherd of Hermas**, The book consists of five visions granted to Hermas a former slave This is followed by twelve mandates or commandments and ten similitudes or parables It commences abruptly in the first person He who brought me up sold me to a certain Rhoda who was at Rome After many years I met her again and began to love her as a sister As Hermas was on the road to Cumae he had a vision of Rhoda She told him that she was his accuser in heaven on account of an unchaste thought the married narrator had once had concerning her though only in passing He was to pray for forgiveness for himself and all his house He is consoled by a vision of the Church in the form of an aged woman weak and helpless from the sins of the faithful who tells him to do penance and to correct the sins of his children Subsequently he sees her made younger through penance yet wrinkled and with white hair then again as quite young but still with white hair and lastly she shows herself as glorious as a Bride      The Veiled Sayings Elizabeth Elder, 2020-05-01 Elizabeth Elder's reflections on the veiled sayings of Jesus in the Gospel of Thomas reveal an experience of the divine that is both intimate and near rather than distant and authoritative Her reading of Thomas leads the reader to a Jesus who does not speak to you but within you and from you as you meditate on these simultaneously exotic and familiar sayings Elder discloses an ancient practice of meditative reading that suggests that the Gospel is not about Jesus but about you the reader that Jesus words are also your words This is the archetypal Jesus that speaks you and lives you This is a reading in line with the meditative reading praxis that the anonymous author of the Gospel of Thomas would appreciate As Elder demonstrates with great verve and intuition this is a text not to be studied but cultivated and contemplated Her marvelous book is an invitation to this practice Justin Lasser M Phil Ph D Associate professor of religious studies Manchester University North Manchester Indiana      *Commanding Your Morning Daily Devotional* Cindy Trimm, 2014-01-07 God's Power Is New Every Morning If you want your life to change it all starts with what you think and say In her authoritative style Cindy Trimm helps you achieve victory over your circumstances through spoken declarations that activate God's power This inspiring devotional based on her best selling book gives you prayers and dynamic teaching that will empower your day You will put meaning and purpose back into your life when you positively direct your thoughts words and actions toward the realization of your goals Begin each day by commanding your morning As you do know that whatever begins with God and His principles has to end right      **Through Minds' Eyes** Ryan J. Hite, 2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the

events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity      **Power Behind The Mind** Marjorie Waterhouse,2015-04-09 This book contains clear guidance for those seeking inner illumination and freedom based on a rare understanding of the human mind and its higher powers Marjorie Waterhouse focuses on how to apply the traditional practices that lead to the discovery of the true Self of all which transcends the limitations of the mind and the world Her exposition of the higher powers that lie unsuspected behind the mind and of our latent capacity for intuition and inspiration is unique Yet alongside the most inspired insights there is always a considerate and good humoured appreciation of the challenges facing people on the way to Self discovery      *The Keys to the Kingdom* Edith Bruce,1997 The truth of life well lived is simple it always has been Throughout humankind s history the Father Mother God s guiding light has shone through a band of humble yet powerful brothers and sisters masters all The Great Brother Sisterhood of Light has shone the light of its love throughout the world during all of its evolution Most of its loving membership has remained beyond the shadowy veil of human consciousness but here and there its presence has been felt directly on the Earth plane Usually hidden away from the chaos and darkness of the world s busy highways and byways the masters have remained anonymous to all but a few worthy souls who have dedicated themselves selflessly to the laws of love and truth and have served humanity humbly in a thousand different ways throughout history These are the disciples of the masters souls who act as instruments stepping down the powerful frequencies of pure love into digestible portions that humanity can use to brighten its way along the journey home to the Christ consciousness One such soul is Edith Bruce This little book spiritually rich in wisdom and timely in terms of current world changes has been assembled from a series of channeled readings given through the Reverend Edith Bruce by the Great Brother Sisterhood of Light These readings were then reconstructed in such a manner as to provide continuity      *Finding God in a Leaf* Brian Grogan,2021-04-01 God Pope Francis affirms is present in nature and he wants us to share that perspective because he believes that it can generate in us a sense of wonder awe reverence and love for nature in all its aspects This sense will make us strong enough to dedicate ourselves to the demanding task of caring for what he calls our common home When my home is under threat I will fight tooth and nail to protect it and those living in it because I love it Such commitment is needed today if our small and fragile planet is to be brought back to health Brian Grogan brings the background of Ignatian spirituality and a lived appreciation of God s creation to his book of meditations on Pope Francis Encyclical Laudato Si Rather than an exhaustive explanation of the encyclical this book serves as a daily invitation to notice in ordinary creation the invitation of God to love and care for all God s creation Read slowly each morning it could give a

focus for living the day in recognising God in all things and the call of God to be a co creator of his beautiful world each day
