All Alone In The World Children Of The Incarcerated:

All Alone in the World Nell Bernstein, 2007-08-01 A San Francisco Chronicle Best Book of the Year An urgent invitation to care for all children as our own Adrian Nicole LeBlanc author of *Random Family* In this moving condemnation of the U S penal system and its effect on families award winning journalist Nell Bernstein takes an intimate look at parents and children over two million of them torn apart by our current incarceration policy Parents Press Described as meticulously reported and sensitively written by Salon the book is brimming with compelling case studies and recommendations for change Orlando Sentinel Our Weekly Los Angeles calls it a must read for lawmakers as well as for lawbreakers In terms of elegance breadth and persuasiveness *All Alone in the World* deserves to be placed alongside other classics of the genre such as Jonathan Kozol s *Savage Inequalities* Alex Kotlowitz s *There Are No Children Here* and Adrian Nicole LeBlanc s *Random Family* But to praise the book s considerable literary or sociological merit seems beside the point This book belongs not only on shelves but also in the hands of judges and lawmakers San Francisco Chronicle Well researched and smoothly written Bernstein s book pumps up awareness of the problems provides a checklist for what needs to be done and also cites organizations like the Osborne Society that provide parenting and literacy classes counseling and support The message is clear taking family connections into account holds particular promise for restoring a social fabric rent by both crime and punishment Publishers Weekly starred review *All Alone in the World* Nell Bernstein, 2005 An investigation into the lives of children of imprisoned

parents cites unsettling statistics about the percentage of American children who have a parent in jail drawing on real life accounts to reveal how children with imprisoned parents are socially marginalized or otherwise victimized by judicial practices 20 000 first printing *Disrupted Childhoods* Jane A. Siegel, 2011 Based on interviews with nearly seventy youngsters and their mothers conducted at different points of their parents involvement in the process the data reveals the experiences of prisoners children their family life and social world **Connecting Social Problems and Popular Culture**

Karen Sternheimer, 2018-05-04 Is violence on the streets caused by violence in video games Does cyber bullying lead to an increase in suicide rates Are teens promiscuous because of Teen Mom As Karen Sternheimer clearly demonstrates popular culture is an easy scapegoat for many of society s problems but it is almost always the wrong answer Now in its second edition *Connecting Social Problems and Popular Culture* goes beyond the news grabbing headlines claiming that popular culture is public enemy number one to consider what really causes the social problems we are most concerned about The sobering fact is that a media made them do it explanation fails to illuminate the roots of social problems like poverty violence and environmental degradation Sternheimer s analysis deftly illustrates how welfare reform a two tiered health care system and other difficult systemic issues have far more to do with our contemporary social problems than Grand Theft Auto or Facebook The fully revised new edition features recent moral panics think sexting and cyberbullying and an entirely new chapter exploring social media Expanded discussion of how we understand society s problems as social constructions without

disregarding empirical evidence as well as the cultural and structural issues underlying those ills allows students to stretch their sociological imaginations

The Prison School Lizbet Simmons, 2017 Police officers and metal detectors have become fixtures in American public schools In this tough on crime security oriented era the new gold standard for school discipline has become the criminal justice system While harsh school punishment has reshaped schools and communities across the socioeconomic divide nowhere is the overlap between classroom and prison more striking than at the Orleans Parish Prison the site of a New Orleans public school enrolling primarily poor African American boys expelled under zero tolerance policies for minor infractions such as tardiness but not actual criminal behavior The Prison School examines how and why public schools take a punitive approach to education and analyzes how this criminalizing mode influences a student's approach toward correctional custody How did schools and prisons two very different kinds of public institutions become so intertwined and what does this combination mean for students communities and ultimately a democratic society How do we begin to unravel the ties that bind the racialized realities of mass school failure and mass incarceration And what does this mean to segments of the population in particular African American males who have been systematically removed from their schools and their society Provided by publisher
