All Star Companion Volume 3:

The All-Star Companion Volume 3 Roy Thomas, 2007-11 Comics legend Roy Thomas presents still more amazing secrets behind the 1940 51 All Star Comics and the 1941 44 Seven Soldiers of Victory an illustrated speculation about how other Golden Age super teams might have been assembled Also an issue by issue survey of the JLA JSA team ups of 1963 85 the 1970s JSA revival and the 1980s series The Young All Stars and Secret Origins with commentary by the artists and writers *Retcon Game* Andrew J. Friedenthal, 2017-04-03 The superhero Wolverine time travels and changes storylines On Torchwood there s a pill popped to alter memories of the past The narrative technique of retroactive continuity seems rife lately given all the world building in comics Andrew J Friedenthal deems retroactive continuity or retconning as a force with many implications for how Americans view history and culture Friedenthal examines this phenomenon in a range of media from its beginnings in comic books and now its widespread shift into television film and digital media Retconning has reached its present form as a result of the complicated workings of superhero comics In comic books and other narratives retconning often seems utilized to literally rewrite some aspect of a character s past either to keep that character more contemporary to erase stories from continuity that no longer fit or to create future story potential From comics retconning has spread extensively to long form continuity rich dramas on television such as Buffy the Vampire Slayer Lost and beyond Friedenthal explains that in a culture saturated by editable media where interest groups argue over Wikipedia pages and politicians can immediately delete questionable tweets the retcon serves as a perfect metaphor for the ways in which history and our access to information overall has become endlessly malleable In the first book to focus on this subject Friedenthal regards the editable Internet hyperlink rather than the stable printed footnote as the de facto source of information in America today To embrace retroactive continuity in fictional media means accepting that the past itself is not a stable element but rather something constantly in contentious flux Due to retconning s ubiquity within our media we have grown familiar with narratives as inherently unstable a realization that deeply affects how we understand the world *The Official Overstreet Comic Book Companion, 11th Edition* Robert M.
