TREK #6 Lee Corey, 2000-09-22 The sixth installment in the Star Trek original series The Abode of Life The citizens of the planet Mercan cannot conceive of worlds beyond their own Their sun is prone to deadly radioactive flare ups and the Mercans have organized their life around the need to survive The Ordeal All that might change though when a badly damaged Enterprise™ arrives near Mercan desperately in need of repairs It's not an easy task though begging help from people who can hardly believe in your existence and Kirk finds himself torn between the safety and survival of his crew and the Prime Directive which dictates that he must leave the Mercans to live their lives in peace and therefore in ignorance

Grant Morrison Marc Singer, 2012-01-01 One of the most eclectic and distinctive writers currently working in comics Grant Morrison b 1960 brings the auteurist sensibility of alternative comics and graphic novels to the popular genres superhero science fiction and fantasy that dominate the American and British comics industries His comics range from bestsellers featuring the most universally recognized superhero franchises All Star Superman New X Men Batman to more independent creator owned work The Invisibles The Filth We3 that defies any generic classification In Grant Morrison Combining the Worlds of Contemporary Comics author Marc Singer examines how Morrison uses this fusion of styles to intervene in the major political aesthetic and intellectual challenges of our time His comics blur the boundaries between fantasy and realism mixing autobiographical representation and cultural critique with heroic adventure They offer self reflexive appraisals of their own genres while they experiment with the formal elements of comics Perhaps most ambitiously

they challenge contemporary theories of language and meaning seeking to develop new modes of expression grounded in comics capacity for visual narrative and the fantasy genres ability to make figurative meanings literal **The Writers**
