**The Alchemy of Happiness** Al Ghazali, 1980-01-01 KNOWLEDGE of self is the key to the knowledge of God according to the saying He who knows himself knows God and as it is Written in the Koran We will show them Our signs in the world and in themselves that the truth may be

manifest to them Now nothing is nearer to thee than thyself and if thou knowest not thyself how canst thou know anything else If thou sayest I know myself meaning thy outward shape body face limbs and so forth such knowledge can never be a key to the knowledge of God Nor if thy knowledge as to that which is within only extends so far that when thou art hungry thou eatest and when thou art angry thou attackest some one wilt thou progress any further in this path for the beasts are thy partners in this But real self knowledge consists in knowing the following things What art thou in thyself 1 Traditional saying of Muhammad and from whence hast thou come Whither art thou going and for what purpose hast thou come to tarry here awhile and in what does thy real happiness and misery consist Some of thy attributes are those of animals some of devils and some of angels and thou hast to find out which of these attributes are accidental and which essential Till thou knowest this thou canst not find out where thy real happiness lies The occupation of animals is eating sleeping and fighting therefore if thou art an animal busy thyself in these things Devils are busy in stirring up mischief and in guile and deceit if thou belongest to them do their work Angels contemplate the beauty of God and are entirely free from animal qualities if thou art of angelic nature then strive towards thine origin that thou mayest know and contemplate the Most High and be delivered from the thralldom of lust and anger Thou shouldest also discover why thou hast been created with these two animal instincts whether that they should subdue and lead thee captive or whether that thou shouldest subdue them and in thy upward progress make of one thy steed and of the other thy weapon The first step to self knowledge is to know that thou art composed of an outward shape called the body and an inward entity called the heart or soul By heart I do not mean the piece of flesh situated in the left of our bodies but that which uses all the other faculties as its instruments and servants In truth it does not belong to the visible world but to the invisible and has come into this world as a traveller visits a foreign country for the sake of merchandise and will presently return to its native land It is the knowledge of this entity and its attributes which is the key to the knowledge of God *Al-Ghazzali the Alchemy of Happiness (Abridged)* ,2012-07-31 As a practical mystic Ghazzali s aim was to make man better by leading him from a merely rational acquiescence in the stereotype creed of Islam to a real knowledge of God The first four chapters of his monumental *The Alchemy of Happiness* Kimiya i Sa adat are a commentary on the famous Hadith He who knows himself knows his Lord **Ghazali's Theory of Virtue** Mohammed A.
