Al Muhaddithat The Women Scholars In Islam:

Al-Muḥaddithāt Muḥammad Akram Nadwī, 2007-01-01 This book is an adaptation of the preface to Mohammad Akram's 20-volume biographical dictionary in Arabic of the Muslim women who studied and taught hadith **Muslims Under Non-Muslim Rule** Aḥmad ibn 'Abd al-Ḥalīm Ibn Taymīyah, Yahya Michot, 2006-01-01 Al-Muhaddithat Ibn Kathir, 1965-08 This book is about women scholars in Islam. Women travelled intensively for religious knowledge and routinely attended the most prestigious mosques and across the Islamic world. The information summarized in this book is essential to a balanced appreciation of the role of women in Islamic society *The Cambridge Companion to Muhammad* Jonathan E. Brockopp, 2010-04-19 As the Messenger of God, Muhammad stands at the heart of the Islamic religion, revered by Muslims throughout the world. *The Cambridge Companion to Muhammad* comprises a collection of essays by some of the most accomplished scholars in the field, exploring the life and legacy of the Prophet. The book is divided into three sections: the first charting his biography and the milieu into which he was born; the revelation of the Qur'an and his role within the early Muslim community; the second part assesses his legacy as a law maker, philosopher, and politician; and finally, in the third part, chapters examine how Muhammad has been remembered across history in biography, prose, poetry, and most recently in film and fiction. Essays are written to engage and inform students, teachers, and readers coming to the subject for the first time. They will come away with a deeper appreciation of the breadth of the Islamic tradition, of the centrality of the role of the Prophet in that tradition, and indeed of what it means to be a Muslim today **The Oxford Handbook of Islam and Women** Asma Afsaruddin, 2023 The *Oxford Handbook of Islam and Women* offers authoritative contributions from well-known scholars whose sophisticated and cutting-edge research explores the diversity of Muslim women's lives and their accomplishments, challenging common stereotypes that are particularly prevalent in the West **The Wiley Blackwell Concise Companion to The Hadith** Daniel W. Brown, 2020-03-09 The most comprehensive and up-to-date English language guide on hadith scholarship. The source of much of our knowledge of the first two centuries of Islamic history, the hadith literature is made up of thousands of traditions collected during the formative years of Islam. Alongside the Qur'an, the hadith forms a second major body of Islamic scripture, and much of Islamic belief and practice rests on the hadith, including Islamic law, Islamic theology, Qur'anic interpretation, political thought, and personal behavior. Yet despite its importance to Muslims worldwide and its indispensable role as a source for early Islamic history, the hadith remains unexplored territory for many non-specialist readers. The *Wiley Blackwell Companion to the Hadith* is a concise yet comprehensive overview of both Islamic and Western traditions of hadith study, offering up-to-date scholarship and providing readers with an essential guide to this distinctive aspect of Islam. Written by a multidisciplinary team of distinguished scholars, the *Companion* discusses questions of authenticity, epistemology, and authority in the hadith and explores the relationship of the hadith literature to other ways of transmitting knowledge and establishing authority. Covers the origins of hadith, the application of hadith within the Islamic

intellectual tradition and contemporary revaluations of hadith literature Addresses developments in modern scholarship about the origins of Islam and Islamic law which are rooted in a revaluation of hadith Presents new and groundbreaking research from international scholars from divergent perspectives to present an accurate and lively overview of the field Explores the emergence of skepticism about hadith among western scholars Surveys the evolution of a wide range of approaches to hadith among modern Muslims Filling a significant gap in current literature in the field The Wiley Blackwell Companion to the Hadith is a valuable resource for students scholars and researchers in Islamic studies Islamic law history and theology

Woman's Identity and Rethinking the Hadith Nimat Hafez Barazangi, 2016-03-09 The Prophet Muhammad's reported traditions have evolved significantly to affect the social cultural and political lives of all Muslims Though centuries of scholarship were spent on the authentication and trustworthiness of the narrators there has been less study focused on the contents of these narratives known as Hadith or Sunnah and their corroboration by the Qur'an This book is a first step in a comprehensive attempt to contrast Hadith with the Qur'an in order to uncover some of the unjust practices by Muslims concerning women and gender issues Using specific examples the author helps the reader appreciate and understand the magnitude of the problem It is argued that the human rights and the human development of Muslim women will not progress in a meaningful and sustainable manner until the Hadith is re-examined in a fresh new approach from within the Islamic framework shifting the discourse in understanding Islam from a dogmatic religious law to a religious moral rational worldview The author argues that such re-examination requires the involvement of women in order to affirm their authority in exegetical and practical leadership within Muslim societies and she encourages Muslim women to stand up for their rights to effect change in understanding the role of sunnah in their own life
