Al-Kafi, Volume 3 Of 8 Thiqatu al-Islam al-Kulayni, 2015-02-18 Al Kafi Volume 3 of 8 Fru al Kafi Compiled by Thiqatu al Islam Abu Ja far Muhammad ibn Ya qub al Kulayni English Translation by Shaykh Muhammad Sarwar Al Kafi The first and foremost comprehensive book of Hadith of the Holy Prophet with his Ahl al Bayt as narrators dealing with issues of theology and ethics practical laws such as laws of taharat cleanliness laws of worship prayer zakat fasting hajj and jihad laws of business laws of family and social relations and judicial laws *The Gospels in Islamic Context* Georgina L. Jardim, Ida Glaser, Shirin Shafaie, 2025-09-30 Bringing together scholars from across the world this publication shows Christians and Muslims individually or together reading the canonical Gospels of the New Testament in conversation with Islamic texts and contexts In the discovery of meaning between text context and praxis this volume asks what are the texts doing in contexts as far flung as Indonesia the Hijaz of early Islam in Persian poetry of medieval times or modern Sunni interpretation in north America This second edited volume in the series Reading the Bible in Islamic Context continues the pioneering venture in contextual and intertextual reading It shows the richness of cooperative scholarship that results from reading the New Testament in Islamic context and exploring how the Gospel is understood in various religious traditions The Gospels in Islamic Context will be of interest to scholars students and practitioners encouraging them to explore new methods for taking into account intertextual factors as well as the history of Muslim Christian relations that arises from them It is a venture in which Muslims and Christians travel side by side and in conversation with each other although with significantly different perspectives and often different agendas **Al-Tawhīd** ,1984 *Text Linguistics and Translation* Ismat Al-Massri, 2013-03-21 The key purpose of this work is to examine the interrelationship between the field of text linguistics and translation with specific reference to computer translation The question arises whether machine translation can ever be a practicable and reliable substitute for human translators Based on this premise this study assesses the effectiveness of machine translation software in its ability to translate the nuances of text linguistics from a source language to a target language Following a literature review of text linguistics covering a number of textual analysis models and translation studies including machine translation the primary research utilises a qualitative research methodology by means of text based assessment Three text samples are drawn from each of the following six text linguistic categories register pragmatics semiotics text type genre and discourse Using three leading Arabic translation software programmes the text samples are subjected to a comparative evaluation **A Review of the Art of Translation** Mansoureh Bidaki, 2023-07-25 This book is a review of the couplets of Baba Tahir a famous poet of ancient Iran as translated by Edward Heron Allen in 1901 Allen did so without access to the authentic phonetic tables of the poet s age which is admirable in its own right because some dialect words are specific to the speakers of the same geographical region based on the phonetics associated with them and despite the written or phonetic similarity with the dialect words of other regions they have different meanings Background about the

challenges of poetry translation is given in the introduction and then the poet's life character and couplets are described in detail based on native and non native sources A selection of literal translations of dialect words based on the theories of Venuti 1965 and Baker 1992 and the implied meanings of the couplets are also reviewed This book is useful for English students who interested in poetry and other students who study the translation of literary texts Training and Education in Islam Murtada Mutahhari,2011-01-01 The twentieth century saw heightened tension between religious and secular approaches to education In this era of cataclysmic social change Mutahhari presented this Islamic perspective on training and education using his signature approach of applying traditional Islamic sources to contemporary questions Although in his time rote learning was prized Mutahhari emphasised the importance of critical thinking skills He also emphasised education outside of the classroom such as learning through work Taking a holistic perspective he discussed the importance of spiritual and moral training worship as a means of personal development and the importance of developing self esteem Although delivered in the 1970s these lectures remain essential reading for anyone involved in training or education **Early Shi'ite Imāmiyyah Thinkers** Vaḥīd Akhtar,1988 The Arabic Version of Ṭūsī's Nasirean Ethics Joep Lange,2015-10-20 Nasir al-Din al-Tusi's *Nasirean Ethics* is the single most important work on philosophical ethics in the history of Islam Translated from the original Persian into Arabic in 713/1313 the present text was primarily intended for the Arabic speaking majority of the people in Iraq A fine example of medieval Persian to Arabic translation technique this first edition carefully reproduces Middle Arabic elements that can be found throughout the text **A Medieval Karaite Pedagogical Grammar of Hebrew** Nadia Vidro,2013-09-12 In this book Nadia Vidro presents a critical edition and English translation of the first Karaite pedagogical grammar of Hebrew *Kit b al Uq d f Ta r f al Lu a al Ibr niyya* Composed in Jerusalem in the 11th century *Kit b al Uq d* is a concise description of Hebrew prepared specifically to cater for the needs of students just beginning their study of the language The critical edition is accompanied by an historical introduction a description of manuscripts and a glossary of grammatical terminology This publication expands the corpus of available primary sources emanating from the Karaite school of Hebrew grammar and makes this fascinating and important medieval work accessible to a wide audience of Hebrew linguists Biblical scholars and those interested in language pedagogy and its history **The Holy Quran with English Translation and Commentary: Surah al-ahqaf-surah al-nas** Bashiruddīn Maḥmūd Aḥmad,1988
