Ronald William Clark

Balmoral Queen Victorias Highland Home Bloomsbury Reader:

Balmoral Ronald Clark, 2011-09-28 First published in 1981 this is Ronald Clark's engagingly readable account of Queen Victoria's relationship with our dear Balmoral and the life that went on there. The biography of Balmoral begins with the first visit to Scotland of the young Queen Victoria and her husband Prince Albert in 1842. Five years later, while bad weather envelops the Royal party in western Scotland, the son of the Queen's physician, convalescing in Old Balmoral, reports blazing sunshine from Upper Deeside. The death of his host shortly afterwards opens the way for the Royal acquisition of the Balmoral estate and the building of the new Castle in 1853-55. In the period up to Albert's death in 1861, Balmoral becomes the setting for many of the Royal couple's happiest moments as they revel in the beauties of the scenery, relish the picturesque pageantry of Highland life, enjoy their incognito expeditions into the surrounding country, and in Albert's case, discover a passionate enthusiasm for deer stalking. After the Prince Consort's death, Balmoral becomes a mausoleum of memories but also a source of strength enabling the Queen to survive her devastating loss. About the time of the Golden Jubilee of 1887, there is an Indian summer with members of the Queen's extensive family rallying round and dances and entertainments displacing some of the black crepe gloom. In 1896, there is the colorful visit of the Tsar with his wife and daughter. The closing section links Victorian Balmoral with the life of the Castle today. **Queen Victoria** Helen

Rappaport, 2003-05-05 This resource covers the life times and relationships of Queen Victoria, providing information about her children, her personal interests, the historic times in which she ruled, and the leaders she influenced. In this fascinating guide to every aspect of Queen Victoria's life, author Helen Rappaport analyzes the queen's personality, celebrates her achievements, and details the shortcomings of her empire, both in Britain with its continuing divide between rich and poor, and overseas where Britain's great empire was won by repression and exploitation. A-Z entries including topics barely touched in standard biographies cover things like the various assassination attempts on her life, her interest in dancing, and Jack the Ripper's murders, and how her husband Prince Albert introduced the celebration of Christmas to England. Queen Victoria also describes individuals such as her companion Lady Jane Churchill, her physician Sir James Clark, and politicians such as William Gladstone and Benjamin Disraeli. Events like the Irish potato famine, inventions like steam power, and issues such as missionary activity and prostitution are also included. It also includes bibliographies both for each entry and overall, and a chronology.
