Translation in Alison Wong's novel "As the Earth Turns Silver" Doreen Klahold, 2013-10-01 Essay from the year 2012 in the subject Didactics for the subject English Miscellaneous grade 1 3 University of Dusseldorf Heinrich Heine language English abstract *As the Earth Turns Silver* is the first novel by the poet and fiction writer Alison Wong and was published by Penguin in New Zealand in 2009 The plot is set in Wellington New Zealand around the turn of the 20th century and reconstructs the cultural climate there at the time given In explanation New Zealand had become a country of immigrants the British Empire had annexed the country in 1840 the Mori consequently lost their sovereignty and were forced back further by the huge number of British settlers besides gold discoveries triggered the first wave of immigration from China in 1865 Thus a racial hierarchy had established with the British considering themselves superior to the others and an active Anti Chinese League had built up Wong s novel now is both a love story and tragedy as well as a representation of Chinese settlement in the country On the one hand there is Katherine McKechnie as one of the protagonists of the novel whose husband Donald drowns in a drunken accident and her two children Edie and Robbie On the other hand there are Chung Yung and his elder brother Shun who have fled from Kwangtung China in 1905 leaving wife and children behind and now run a greengrocer s shop in Wellington Their stories intermingle since Katherine usually buys her fruit and vegetables in their

shop Gradually she befriends the younger of the two brothers Yung and after her husband's death their friendships eventually deepens into a secret love affair secret because the interracial relationship would be regarded as a scandal in both communities Disastrously Katherine's son Robbie has taken on his father's and Lionel Terry's racist views so that knowing of his mother's and Yung's affair he finally kills the Chinese in his shop and later on commits suicide in the garden of their house Even though Wong herself is of Chinese descent she points out that the story is not her family's story nor a real representation of history but a mere work of fiction All in all Wong has produced a thought provoking work about choices we make the courage to stay true to oneself and last but not least racism xenophobia and its absurdity and consequences
