Foundations of Wisdom: Integrating Philosophical Thought and Educational Vision 2025 1. DR. SANGEETA SHROFF 2. DR. DIVYA SHARMA 3. DR. GOPA SHARMA 4. SMT. MANJUSHA TIWARI, PREFACE Education has always been more than the transmission of knowledge it is the shaping of minds the cultivation of character and the nurturing of wisdom. In today's rapidly changing world where information is abundant yet understanding often fragmented the need to reconnect education with the timeless insights of philosophy has never been greater. This book *Foundations of Wisdom Integrating Philosophical Thought and Educational Vision* emerges from that conviction. The chapters in this volume are built upon the belief that philosophy is not confined to abstract thought but is a living force that can illuminate the paths of learning teaching and human growth. By exploring diverse philosophical traditions and weaving them into contemporary educational practices this book seeks to bridge the gap between reflection and application. It offers a vision of education that is holistic ethical and future oriented one that respects both reason and imagination discipline and creativity. This work is intended not only for scholars and educators but also for learners policy makers and anyone who wishes to engage in the deeper questions of what it means to learn and to teach. The ideas presented here encourage dialogue across disciplines and cultures fostering a sense of shared responsibility in shaping education that uplifts both the individual and society. As you turn these pages may you discover that wisdom is not a static inheritance but an evolving foundation one that can guide us in creating educational systems rooted in purpose justice and human dignity.
