Baptismal Imagery in Early Christianity Robin M. Jensen, 2012-06-01 2013 Catholic Press Award Winner What can we learn from early Christian imagery about the theological meaning of baptism Robin Jensen a leading scholar of early Christian art and worship examines multiple dimensions of the early Christian baptismal rite She explores five models for understanding baptism as cleansing from sin sickness and Satan as incorporation into the community as sanctifying and illuminative as death and regeneration and as the beginning of the new creation showing how visual images poetic language architectural space and symbolic actions signify and convey the theological meaning of this ritual practice Considering image and action together Jensen offers a holistic and integrated understanding of the power of baptism The book is illustrated with photos

Ritual and Christian Beginnings Risto Uro, 2016-04-28 The rise of early Christianity has been examined from a myriad of perspectives but until recently ritual has been a neglected topic *Ritual and Christian Beginnings* A Socio Cognitive Analysis argues that ritual theory is indispensable for the study of Christian beginnings It also makes a strong case for the application of theories and insights from the Cognitive Science of Religion a field that has established itself as a vigorous movement in Religious Studies over the past two decades Risto Uro develops a socio cognitive approach to the study of early Christian rituals seeking to integrate a social level analysis with findings from the cognitive and evolutionary sciences *Ritual and Christian Beginnings* provides an overview of how ritual has been approached in previous scholarship including reasons for its neglect and introduces the reader to the emerging fields of Ritual Studies and the Cognitive Science of Religion In particular it explores the ways in which cognitive theories of ritual can shed new light on issues discussed by early Christian scholars and opens up new questions and avenues for further research The socio cognitive approach to ritual is applied to a number of test cases including John the Baptist the ritual healing practiced by Jesus and the early Christians the social life of Pauline Christianity and the development of early Christian baptismal practices The analysis creates building blocks for a new account of Christian beginnings highlighting the role of ritual innovation cooperative signalling and the importance of bodily actions for the generation and transmission of religious knowledge

Tradition and Innovation: Baptismal Rite and Mystagogy in Theodore of Mopsuestia and Narsai of Nisibis Nathan Witkamp, 2018-08-27 In *Tradition and Innovation* Nathan Witkamp convincingly argues that Narsai of Nisibis d ca 503 baptismal rite and mystagogy as portrayed in his Liturgical Homilies 21 22 are much less dependent on Theodore of Mopsuestia ca 350 ca 428 than scholars have previously supposed Narsai s baptismal rite turns out to represent a particular East Syrian liturgical tradition independent of Theodore In his mystagogy Narsai uses Theodore s Baptismal Homilies 1 3 as just one source among others to create the artwork he desires This detailed comparative study contributes to our understanding of rite and mystagogy in Theodore and Narsai within the broader early Syrian context as well as to the reception of Theodore by Narsai and the East Syrian Church

Exodus Annette Hoffmann, 2020-01-20 The scientific debates on border crossings and cultural exchange between Judaism

Christianity and Islam have much increased over the last decades. Within this context, however, little attention has been given to the biblical Exodus, which not only plays a pivotal role in the Abrahamic religions but also is a master narrative of a border crossing in itself. Sea and desert are spaces of liminality and transit in more than just a geographical sense. Their passage includes a transition to freedom and initiation into a new divine community, an encounter with God, and an entry into the Age of law. The volume gathers twelve articles written by leading specialists in Jewish and Islamic Studies, Theology, and Literature, Art, and Film history, dedicated to the transitional aspects within the Exodus narrative. Bringing these studies together, the volume takes a double approach: one that is both comparative and intercultural. How do Jewish, Christian, and Islamic texts and images read and retell the various border crossings in the Exodus story, and on what levels do they interrelate? By raising these questions, the volume aims to contribute to a deeper understanding of contact points between the various traditions.

Building the Body of Christ Daniel C. Cochran, 2020-11-17. In *Building the Body of Christ*, Daniel C. Cochran argues that monumental Christian art and architecture played a crucial role in the formation of individual and communal identities in late antique Italy. The ecclesiastical buildings and artistic programs that emerged during the fourth and fifth centuries not only reflected Christianity's changing status within the Roman Empire but also actively shaped those who used them. Emphasizing the importance of materiality and the body in early Christian thought and practice, Cochran shows how bishops and their supporters employed the visual arts to present a Christian identity rooted in the sacred past but expressed in the present through church unity and episcopal authority. He weaves together archaeological and textual evidence to contextualize case studies from Rome, Aquileia, and Ravenna, showing how these sites responded to the diversity of early Christianity as expressed through private rituals and the imperial appropriation of the saints. Cochran shows how these early ecclesiastical buildings and artistic programs worked in conjunction with the liturgy to persuade individuals to adopt alternative beliefs, practices, and values that contributed to the formation of institutional Christianity and the Christianization of late antique Italy.

Perceptions of the Body and Sacred Space in Late Antiquity and Byzantium Jelena Bogdanovic, 2018-04-09. *Perceptions of the Body and Sacred Space in Late Antiquity and Byzantium* seeks to reveal Christian understanding of the body and sacred space in the medieval Mediterranean. Case studies examine encounters with the holy through the perspective of the human body and sensory dimensions of sacred space and discuss the dynamics of perception when experiencing what was constructed, represented, and understood as sacred. The comparative analysis investigates viewers' recognitions of the sacred in specific locations or segments of space, with an emphasis on the experiential and conceptual relationships between sacred spaces and human bodies. This volume thus reassesses the empowering aspects of space, time, and human agency in religious contexts. By focusing on investigations of human endeavors towards experiential and visual expressions that shape perceptions of holiness, this study ultimately aims to present a better understanding of the corporeality of sacred art and architecture. The research points to how early Christians and Byzantines teleologically viewed

the divine source of the sacred in terms of its ability to bring together but never fully dissolve the distinctions between the human and divine realms The revealed mechanisms of iconic perception and noetic contemplation have the potential to shape knowledge of the meanings of the sacred as well as to improve our understanding of the liminality of the profane and the sacred

Caesar and the Sacrament R. Alan Streett, 2018-01-24 When the earliest Christ followers were baptized they participated in a politically subversive act Rejecting the Empire's claim that it had a divine right to rule the world they pledged their allegiance to a kingdom other than Rome and a king other than Caesar Acts 17:7 Many books explore baptism from doctrinal or theological perspectives and focus on issues such as the correct mode of baptism the proper candidate for baptism who has the authority to baptize and whether or not baptism is a symbol or means of grace By contrast *Caesar and the Sacrament* investigates the political nature of baptism Very few contemporary Christians consider baptism's original purpose or political significance Only by studying baptism in its historical context can we discover its impact on first century believers and the adverse reaction it engendered among Roman and Jewish officials Since baptism was initially a rite of non-violent resistance what should its function be today

A Companion to the Song of Songs in the History of Spirituality Timothy Robinson, 2021-07-05 As one of the most frequently commented on biblical books during antiquity and the middle ages the Song of Songs has played a central role in the history of Christian spirituality At a time of heightened interest in the Song of Songs among biblical scholars historians and students of spirituality this *Companion to the Song of Songs in the History of Spirituality* provides a state of the art overview of its history challenges some conventional wisdom and presents innovative studies of some lesser known aspects of the Song's reception The essays in this volume including a chapter on Jewish interpretation present the diverse forms of spirituality inspired by the Song since the beginning of the Christian era Contributors Ann W Astell Mark S Burrows Emily Cain Catherine Cavadini Rabia Gregory Arthur Holder Jason Kalman Suzanne LaVere Hannah Matis Bernard McGinn Timothy H Robinson and Karl Shuve

Death by Baptism Frank G. Honeycutt, 2021 Our days are filled with a variety of known and lurking fears Christians who name Jesus as Lord on Sundays are inundated with stories real and imagined inducing fear and caution throughout the week random violence health concerns the perceived threat of people different from us and economic worries to name a few News sources and national political leaders manipulate these fears in a fashion that threatens and sometimes usurps the church's ultimate trust in Christ A pastoral assumption at the core of this national anxiety is the looming fear of death spawning various supplemental protections that have little to do with the promises of Christ This fear of death and the false promises claiming to shield us from such may prompt us to nudge the One we call Lord to the margins of daily life or even solely to the afterlife a savior we all meet in heaven one day but whose quaint teachings have little to do with problems we're now facing In this book gifted storyteller Frank G Honeycutt calls on his many years of pastoral experience to examine one of the most stunning and overlooked theological claims of the New Testament how baptism radically unites followers of Christ in his death and

resurrection In baptism we have already died Romans 6 Disciples commence life in the kingdom on this side of the grave Believing this with theological rigor and trust relieves personal and corporate anxiety about any day in the future when a believer stops breathing *Living Under Water* Kevin J. Adams, 2022-01-25 Our truest identity isn't something we create or build ourselves It's a gift we receive We live under water What does baptism mean And what do we do with it Kevin Adams an experienced pastor and church planter who has baptized people of all ages and spiritual origins makes the case that baptism isn't merely a one time ceremony but something to be lived and affirmed throughout one's life In *Living under Water* Adams shares stories that illustrate how baptism shapes one's identity and enters us into an alternate narrative one ongoing since the dawn of creation through which we understand our truest selves with all our joy and trauma and by which we are united with a group of people unbound by race or language continent or generation Foregrounding baptism in the lives of Christians means foregrounding baptism in the life of the church Anchored in both theology and real world experience Adams shows how that can happen while engaging honestly with the history and ongoing reality of baptism's corruptions and abuses This book is for pastors and parishioners of any Christian tradition who long for baptism to be bigger than a set of doctrinal bullet points nothing less than the gospel story enacted with water
