The Poisonwood Bible Barbara Kingsolver, 1998-10-07 The Poisonwood Bible is a story told by the wife and four daughters of Nathan Price a fierce evangelical Baptist who takes his family and mission to the Belgian Congo in 1959 They carry with them everything they believe they will need from home but soon find that all of it from garden seeds to Scripture is calamitously transformed on African soil What follows is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in postcolonial Africa The novel is set against one of the most dramatic political chronicles of the twentieth century the Congo's fight for independence from Belgium the murder of its first elected prime minister the CIA coup to install his replacement and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy Against this backdrop Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa a tale indelibly darkened by her own losses and unanswerable questions about her own culpability Also narrating the story by turns are her four daughters the self centered teenaged Rachel shrewd adolescent twins Leah and Adah and Ruth May a prescient five year old These sharply observant girls who arrive in the Congo with racial preconceptions forged in 1950s Georgia will be marked in surprisingly different ways by their father's intractable mission and by Africa itself Ultimately each must strike her own separate path to salvation Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility Dancing between the dark comedy of human failings and the breathtaking possibilities of human hope The Poisonwood Bible possesses all that has distinguished Barbara Kingsolver's previous work and extends this beloved writer's vision to an entirely new level Taking its place alongside the classic works of postcolonial literature this ambitious novel establishes Kingsolver as one of the most thoughtful and daring of modern writers Small Wonder Barbara Kingsolver, 2002-04-02 In her new essay collection the

beloved author of *High Tide in Tucson* brings to us out of one of history's darker moments an extended love song to the world we still have. From its opening parable gleaned from recent news about a lost child saved in an astonishing way, the book moves on to consider a world of surprising and hopeful prospects ranging from an inventive conservation scheme in a remote jungle to the backyard flock of chickens tended by the author's small daughter. Whether she is contemplating the Grand Canyon, her vegetable garden, motherhood, adolescence, genetic engineering, TV watching, the history of civil rights, or the future of a nation founded on the best of all human impulses, these essays are grounded in the author's belief that our largest problems have grown from the earth's remotest corners as well as our own backyards, and that answers may lie in those places too. In the voice Kingsolver's readers have come to rely on—sometimes grave, occasionally hilarious, and ultimately persuasive—*Small Wonder* is a hopeful examination of the people we seem to be and what we might yet make of ourselves.
