How will understanding your learning style help you support your success inside and outside of the classroom?

My preferred receptive learning styles are listed below:

- Read/write learning style.
- Auditory/verbal learning style.

Understanding my learning style and knowing how I learn the most effectively will not only help me in a class setting or on my academic journey but also in life. Being able to understand how my brain best learns as a student can allow me to spend less time studying, become more organized, and get better grades. Once I go into the workforce, knowing how I learn can allow me to learn new skills in a workforce setting more quickly, expand my current skill set easily, and allow room for improvement and advance me in my career field.

2. Identify a problem-solving technique or method you have used in a previous situation and explain how it worked for you. Identify how these methods might look different in diverse cultures or different fields of work.
