Arthur Frank Holmes

Building The Christian Academy:

Building the Christian Academy Arthur Frank Holmes, 2001 Until Relatively Recently the history of higher education in the West was the story of a Christian academic tradition that played a major role in both intellectual history and the history of the church Over the last one hundred years however we have witnessed the progressive secularization of higher education George Marsden goes so far as to suggest that the American university has lost its soul But what was that putatively Christian soul Precisely what in the Christian tradition has now been lost And what should we know about that tradition as a condition of practical wisdom for the present The Idea of a Christian College Arthur F. Holmes, 1987-03-06 This revised

edition of a classic text provides a concise case for the role of the Christian college and its distinctive mission and contribution Holmes has extensively revised several chapters and included two new chapters Liberal Arts as Career Preparation and The Marks of an Educated Person **Building Biblical Worldview** Joe Neff, 2016-04-05 Building Biblical

Worldview The Three Loves explains why and how to create and sustain great Biblical worldview for all students in all subjects and in all grades The ideas are foundational relevant and give perspective to other worldview programs and tools The concepts are simple but deep and powerful They come from God's Word and stand the test of time The model works for all Christian schools at little or no cost and prepares faculty to abundantly implement a school's curriculum There are three big ideas in the book What Biblical worldview is and why it matters The model of The Three Loves and how it works How to grow in love for God love for students and love for subject to make a difference in student lives Additional resources and support to implement the Three Loves are available at the buildingbiblicalworldview.com website **Shaping Character**

Arthur Frank Holmes, 1991 This is a print on demand book and is therefore non returnable The teaching of ethics and the transmission of values once performed an integrative function in the Christian college curriculum however they have gradually become relegated to a subspecialty status within the philosophy or religion department Arguing that ethics is everybody's business Arthur Holmes presents in this book a concise survey of moral education its goals and methods in the Christian college Arising out of a three year Christian College Consortium project Shaping Character reflects the insights of a rich variety of experts writers and faculty members Holmes first orients his readers to the present ethical climate to theological dimensions and distinctive in ethics and to moral development theory He then poses three overall objectives of ethics education forming the conscience making moral decisions and developing character and fleshes out each objective with particular goals Throughout the book Holmes makes suggestions about the role of faculty and staff paying special attention to teaching methods and noting the context and dynamics of college life in general The final chapter summarizes how the Bible functions in ethics Shaping Character is meant for all Christian college teachers professors and administrators concerned about student values and the moral condition of our society The book will serve as a valuable and practical guide for teaching ethics in every department **Conceiving the Christian College** Duane Litfin, 2004-09-24 This book is

designed to help those who are interested in Christian higher education explore anew the unique features opportunities and contemporary challenges of one distinct type of educational institution the Christian college What distinguishes *Conceiving the Christian College* from the many other books on this subject is its incisive discussion of a set of crucial ideas widely misunderstood in the world of Christian higher education Now serving in his eleventh year as president of one of the nation s foremost Christian colleges Duane Litfin is well placed to ask pressing questions regarding faith based education What is unique about Christian colleges What is required to sustain them How do they maintain their bearing in the tumultuous intellectual seas of the twenty first century Litfin s themes are large but they are meant to refocus the conceptual challenges to Christian education in ways that will strengthen both the academic environment of today s Christian colleges and their impact on culture at large

The Christian Evangelist ,1901 *The Texas Outlook* ,1929 **Let's Talk** Harold Heie,2021-12-10 The state of public discourse in America is dismal reflecting an extreme us versus them tribalism where me and my folks have the full truth about the contentious issue at hand and those other folks are devoid of any truth and can even be demonized as evil Rather than just cursing this darkness Harold Heie presents what he considers to be a better way for those who disagree about contentious issues to respectfully engage one another a way that is deeply informed by his Christian faith perspective a way that reflects his understanding that to listen carefully to those who disagree with you and to then talk respectfully about your disagreements is a deep expression of the love for others to which Jesus calls all those who claim to be his followers But this book is not just an abstract consideration of the nature of civil public discourse Rather drawing on his successes and failures the beautiful and the ugly in his attempts to orchestrate respectful conversations on contentious issues both online and in small group face to face meetings during the past decade Heie presents practical concrete proposals for how to talk to one another about significant disagreements particularly in Christian churches that have tragically succumbed to tribalism

The Congregationalist and Christian World ,1901 **Synchrofile** Raymond E. Fowler,2004-05-26 The author is no stranger to tackling mysteries He is internationally known as a highly competent investigator of the paranormal and a trustworthy chronicler of such in ten books The New York Times exclaimed that his best selling book *The Andreasson Affair* if true must rank with the great classics of scientific revelation Air Force chief UFO scientific consultant Dr J Allen Hynek wrote that his UFO investigations are meticulous and far exceed that of the government Dr Kenneth Ring father of Near Death Experience NDE research wrote that Fowler s researched book on Near Death and UFO experiences may well have deciphered the ultimate nature and meaning of these baffling phenomena In *SynchroFile* Fowler applies the same kind of meticulous research into the supernatural like synchronistic experiences that permeate his life This book compiles the results of his research into Jungian psychology the New Physics and his study of a ten year diary of personal and family experiences of amazing coincidences and paranormal experiences His research leads to the incredulous conclusion that time is an illusion and that reports of synchronicity ghosts out of the body experiences near

death experiences UFOs precognition telepathy and other extrasensory experiences are all individual expressions of one intelligent like meta phenomenon
