Argument Without End In Search Of Answers To The Vietnam Tragedy Paperback

Robert S. McNamara

Argument Without End In Search Of Answers To The Vietnam Tragedy Paperback :

Argument Without End Robert S. McNamara, James Blight, Robert K. Brigham, 1999-04-22 The former Secretary of Defense collaborates with leading scholars from the United States and Vietnam to offer a groundbreaking new study of exactly how the Vietnam War happened and why it could not be stopped before three million people died of photos Map

Argument Without End Robert S. McNamara, 1999 In six meetings held in Hanoi and a seventh in Italy Robert McNamara his colleagues in the Kennedy and Johnson administrations and American s top Vietnam and military scholars met with their Vietnamese counterparts In frank and astonishing dialogues the two groups walked step by step through the war analyzing each decision and action from both sides *The Fog of War* James G. Blight, Janet M. Lang, 2005 Robert S. McNamara is one of modern America s most controversial figures His opinions policies and actions have led to a firestorm of debate ignited most recently by Errol Morris s Academy Award winning film *The Fog of War* In the companion book editors James G. Blight and Janet M. Lang use lessons from McNamara s life to examine issues of war and peace in the 20th century McNamara s career spans some of America s defining events from the end of World War I through the course of World War II and the unfolding of the Cold War in Cuba Vietnam and around the world *The Fog of War* brings together film transcripts documents dialogues and essays to explore what the horrors and triumphs of the 20th century can teach us about the future

The Vietnam War from the Other Side Cheng Guan Ang, 2013-07-04 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes This book based on extensive original research including Vietnamese Chinese and former Soviet sources presents a history of the war from the perspective of the Vietnamese communists It charts relations with Moscow and Beijing showing how the involvement of the two major communist powers changed over time and how the Vietnamese despite their huge dependence on the Chinese and the Soviets were most definitely in charge of their own decision making Overall it provides an important corrective to the many one sided studies of the war and presents a very interesting new perspective *Presidential Leadership* George C. Edwards III, Kenneth R. Mayer, Stephen J. Wayne, 2024-01-24 This classic text on the American presidency analyzes the institution and the presidents who hold the office through the key lens of leadership Edwards Mayer and Wayne explain the leadership dilemma presidents face and their institutional political and personal capacities to meet it Two models of presidential leadership help us understand the institution one in which a strong president dominates the political environment as a director of change and another in which the president performs a more limited role as facilitator of change Each model provides an insightful perspective to better understand leadership in the modern presidency and to evaluate the performance of individual presidents With no simple formula for presidential success and no partisan perspective driving the analysis the authors help us understand that presidents and citizens alike must understand the nature of presidential leadership in a pluralistic system in which separate institutions share powers This fully revised thirteenth

edition is fully updated through the Biden administration with recent policy developments the 2022 midterm elections changes to the media environment and the latest data **The United States and the Vietnam War, 1954-1975** Louis Peake, 2007-11-13 The United States in the Vietnam War 1954 1975 is an invaluable reference guide to the costly and controversial war the U S waged in Vietnam over the course of five presidential administrations Focusing not only on the conflict in Southeast Asia but also on the tumult the war inspired on the domestic front Louis Peake provides an authoritative guide to the wide range of media available on the U S involvement in Vietnam From collections of art work and poetry about the soldiering experience to journalistic accounts of battles and military training films the entries consistently provide clear and concise descriptions allowing the reader to easily identify the value of any particular resource With revised and updated annotations and over 150 new entries this second edition of The United States in the Vietnam War 1954 1975 is an invaluable reference tool for researchers and students of the Vietnam War Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian Preponderance in U.S. Foreign Policy Graham Slater, 2018-12-12 Preponderance in U S Foreign Policy Monster in the Closet identifies and explains the factors contributing to the presence and severity of blunders or gross errors in strategic judgment resulting in significant harm to the national interest in U S foreign policy since 1945 It contends that when U S policymakers overestimate the capacity of American power to transform the politics of other states the likelihood of a foreign policy resulting in a blunder increases It concomitantly contends that the prevailing grand strategy of American preponderance since the Second World War precipitates the frequency and severity of foreign policy blunders The dissertation pursues four original lines of research 1 the presentation of a sui generis framework for foreign policy evaluation 2 the new delineation of the concept and classification of the foreign policy blunder 3 the gathering of empirical data with regard to the decision making of policymakers and the results of two corresponding foreign policy blunders the Vietnam War and the Iraq War and 4 the demonstration of the two contentions within the overarching research question of what factors contribute to the presence and severity of blunders in modern U S foreign policy The book presents a theoretical model examining and explaining the cultural and ideational connections between the pursuit of the grand strategy of American preponderance decision making in U S foreign policy and blunders in modern U S foreign policy *Sad and Luminous Days* James G. Blight, Philip Brenner, 2007-02-08 In October 1962 school children huddled under their desks and diplomats feverishly negotiated as the world sat on the brink of nuclear war The Cuban Missile Crisis was the most dangerous moment in modern history and resulted in a changed worldview for the United States the Soviet Union and Cuba In tracing the developments of the missile

crisis and beyond Sad and Luminous Days presents and interprets a heretofore unavailable and largely unknown secret speech that Castro delivered to the Cuban leadership in 1968 In it Castro reflects on the crisis and reveals the distrust and bitterness that characterized Cuban Soviet relations in 1968 Blight and Brenner frame the annotated speech with an examination of the missile crisis itself and an analysis of Cuban Soviet relations between 1962 1968 ending with an epilogue that highlights the lessons the missile crisis offers us in the current search for security and a stable world order Sad and Luminous Days sheds new light on Cuban Soviet relations and should be required reading not only for Cold War scholars and historians but also for anyone intrigued by the drama of the thirteen momentous days in October 1962 *The Mazruiana Collection Revisited* Ali Al'Amin Mazrui, 2005 Consists of 650 annotated entries covering Mazrui s books dissertations edited works about him major essays in books academic journals and conference papers This work contains essays including pamphlets magazine and newspaper articles and audio visual recordings *The Second Indochina War* Ang Cheng Guan, 2025-11-03 Drawing upon Vietnamese Chinese former Soviet and American sources Ang Cheng Guan provides an updated and concise account of the Vietnam War 1954 1975 from the Vietnamese communists perspective In the last few decades discourse on the Second Indochina War has shifted towards the South and its allies To mark the 50th anniversary of the fall of Saigon Ang revisits the experiences of the North Focusing on scholarship published within the last 30 years the book reexamines the 1954 Geneva Conference the end of the First Vietnam War through the Second Vietnam War to the 1975 Fall of Saigon bringing readers up to date on the current state of the field This book is a valuable resource for scholars and students of history war studies peace and conflict studies as well as for those interested in the historical and contemporary implications of the Vietnam War
