A Nazi Legacy Depositing Transgenerational Transmission Dissociation And Remembering Through Action:

A Nazi Legacy Vamik D. Volkan, 2018-05-08 This book relates the psychoanalytic journey of a man in his thirties a grandson of a high level SS officer whose case illustrates how individuals can sometimes suffer greatly or cause the suffering of other innocent persons simply because they are descendants of perpetrators In it technical considerations in treating such an individual including countertransference issues and concepts related to transgenerational transmissions for example identification depositing dissociation encapsulation and remembering through actions are explored The man had a repeating daydream of carrying a big egg under his arm The imagined egg representing his encapsulated dissociated state contained the mental representation of his Nazi grandfather and his grandfather's victims along with images of most tragic historical events He attempted to turn his grandfather's image from a life taker to a life giver and wished to own the older man's grandiose specialness while fearing the loss of his own life These opposite aims created unnamed catastrophes

Holocaust Education and the Semiotics of Othering in Israeli Schoolbooks Nurit Elhanan-Peled, 2023-09-11 The Zionist pedagogical narrative reproduced in schoolbooks views the migration of Jews to Israel as the felicitous conclusion of the journey from the Holocaust to the Resurrection It negates all forms of diasporic Jewish life and culture and ignores the history of Palestine during the 2000 year long Jewish exile This narrative otherizes three main groups vis vis whom Israeliness is constituted Holocaust victims who are presented in a traumatizing manner as the stateless and therefore persecuted Jews we refuse but might become again if we lose control over Palestinian Arabs who constitute the second group of others Palestinians are racialized demonized and portrayed as our potential exterminators The third group of others comprises non European Mizrahi and Ethiopian Jews They are described as backward people who lack history or culture and must undergo constant acculturation to fit into Israel's Western society Thus a rhetoric of victimhood and power evolves and a nationalistic interpretation of the never again imperative is inculcated justifying the Occupation and oppression of Palestinians and the marginalization of non European Jews This rhetoric is conveyed multimodally through discourse genres and visual elements The present study which advocates a multidirectional memory proposes an alternative Hebrew Arabic multi voiced and poly centered curriculum that would relate the accounts of the people whom the pedagogic narrative seeks to conceal and exclude This joint curriculum will differ from the present one not only in content but also ideologically and semiotically Instead of traumatizing and urging vengeance it will encourage discussion and celebrate diversity and hybridity
