The Oxford Handbook of Prisons and Imprisonment John D. Wooldredge, Paula Smith, 2018-03-09 Research on prisons prior to the prison boom of the 1980s and 1990s focused mainly on inmate subcultures inmate rights and sociological interpretations of inmate and guard adaptations to their environment with qualitative studies and ethnographic methods the norm In recent years research has expanded considerably to issues related to inmates mental health suicide managing special types of offenders risk assessment and evidence based treatment programs The Oxford Handbook of Prisons and Imprisonment provides the only single source that bridges social scientific and behavioral perspectives providing graduate students with a more comprehensive understanding of the topic academics with a body of knowledge that will more effectively inform their own research and practitioners with an overview of evidence based best practices Across thirty chapters leading contributors offer new ideas critical treatments of substantive topics with theoretical and policy implications and comprehensive literature reviews that reflect cumulative knowledge on what works and what doesn't The Handbook covers critical topics in the field some of which include recent trends in imprisonment prison gangs inmate victimization the use and impact of restrictive housing unique problems faced by women in prison special offender populations risk assessment and treatment effectiveness prisoner re entry and privatization The Oxford Handbook of Prisons and Imprisonment offers a rich source of information on the current state of institutional corrections around the world on issues facing both inmates and prison staff and on how those issues may impede or facilitate the various goals of incarceration

An Analysis of Michelle Alexander's *The New Jim Crow* Ryan Moore, 2017-07-05 Michelle Alexander's *The New Jim Crow* Mass Incarceration in the Age of Colorblindness is an unflinching dissection of the racial biases built into the American prison system Named after the laws that enforced racial segregation in the southern United States until the mid 1960s *The New Jim Crow* argues that while America is now legally a colorblind society treating all races equally under the law many factors combine to build profound racial weighting into the legal system The US now has the world's highest rate of incarceration and a disproportionate percentage of the prison population is comprised of African American men Alexander's argument is that different legal factors have combined to mean both that African Americans are more likely to be targeted by police and to receive long jail sentences for their crimes While many of Alexander's arguments and statistics are to be found in other books and authors work *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively Alexander's skills are those fundamental to critical thinking reasoning organizing evidence examining other sides of the question and synthesizing points to create an overall argument that is as watertight as it is persuasive

Camic, 2018-02-15 There is growing interest internationally in the contributions which the creative arts can make to wellbeing and health in both healthcare and community settings A timely addition to the field the Oxford Textbook of Creative Arts Health and Wellbeing is the first work of its kind to discuss the role the creative arts have in addressing some of the most pressing public health challenges faced today Providing an evidence base and recommendations for a wide audience this is an essential resource for anyone involved with this increasingly important component of public health practice The textbook offers key insights for developing new creative arts based approaches to health and wellbeing and shows how these can augment established practices within a variety of social settings Theoretically grounded and with a strong evidence base this book brings together contributions from both practitioners and researchers to provide a comprehensive account of the field Using international examples the textbook elucidates the various approaches that have successfully led to improvements in public health whilst case studies in healthcare practices evaluate the impact of arts based initiatives in a multitude of international settings life course stages and social milieus The Oxford Textbook of Creative Arts Health and Wellbeing is a comprehensive resource that will be essential to anyone with an interest in this increasingly important component of public health practice

Prisons of the World Andrew Coyle, 2021-11-04 How do governments and societies use prison to respond to underlying and fundamental social economic and political issues Using data on world imprisonment and numerous international examples from his personal experience Coyle a prison practitioner academic and international expert discusses the failings of prison around the

world Acknowledging the influence of external agencies such as the Committee for the Prevention of Torture the Inter American Court of Human Rights and court interventions in the use of solitary confinement he offers some positive pointers for the future and how there might be a better distribution of resources between criminal justice and social justice by an application of the principles of Justice Reinvestment *Addressing Environmental and Food Justice toward Dismantling the School-to-Prison Pipeline* Anthony J. Nocella II, K. Animashaun Ducre, John Lupinacci, 2016-11-10 This cutting edge collection of essays presents to the reader leading voices within food justice environmental justice and school to prison pipeline movements While many schools community organizers professors politicians unions teachers parents youth social workers and youth advocates are focusing on curriculum discipline policies policing practices incarceration demographics and diversity of staff the authors of this book argue that even if all those issues are addressed healthy food and living environment are fundamental to the emancipation of youth This book is for anyone who wants to truly understand the school to prison pipeline as well as those interested in peace social justice environmentalism racial justice youth advocacy transformative justice food veganism and economic justice **The Marion Experiment** Stephen C. Richards, 2015-01-21 Taking readers into the darkness of solitary confinement this searing collection of convict experiences academic research and policy recommendations shines a light on the proliferation of supermax super maximum security prisons and the detrimental effects of long term high security confinement on prisoners and their families Stephen C Richards an ex convict who served time in nine federal prisons before earning his PhD in criminology argues the supermax prison era began in 1983 at USP Marion in southern Illinois where the first control units were built by the Federal Bureau of Prisons The Marion Experiment written from a convict criminology perspective offers an introduction to long term solitary confinement and supermax prisons followed by a series of first person accounts by prisoners some of whom are scholars previously or currently incarcerated in high security facilities including some of the roughest prisons in the western world Scholars also address the widespread Marionization of solitary confinement its impact on female adolescent and mentally ill prisoners and families and international perspectives on imprisonment As a bold step toward rethinking supermax prisons Richards presents the most comprehensive view of the topic to date to raise awareness of the negative aspects of long term solitary confinement and the need to reevaluate how prisoners are housed and treated
