How British Intelligence Plotted to Read Hitler's Mind James Parris, 2021-06-01 In the darkest days of the Second World War as Europe fell under Nazi domination and Britain faced invasion Louis de Wohl a 36 year old

refugee from Germany made a curious offer to British Intelligence Based on the widely held belief that Hitler s every action was guided by his horoscope de Wohl claimed he could reveal precisely what advice the F hrer s astrologers were giving him Rather than dismissing de Wohl out of hand as a crank senior intelligence officers and chiefs of staff of the three armed services took him at his word De Wohl was made an army captain and quartered in the Grosvenor House Hotel from where his one man Psychological Research Bureau passed astrological readings and assessments to the War Office before his deployment to the United States by the highly secret Special Operations Executive on a propaganda mission Was it possible that Military and Naval intelligence officers could take the ancient and arcane practice of astrology seriously Was de Wohl genuine or merely a charlatan Did his astrological readings contribute to the downfall of Hitler and Nazi Germany In *How British Intelligence Plotted to Read Hitler s Mind* the first fulllength study of Louis de Wohl James Parris examines the evidence including material from MI5 Military and Naval Intelligence files at the National Archives and reaches remarkable conclusions about this bizarre aspect of the Second World War Adolf Hitler Sherree Owens Zalampas,1990 Zalampas applies the psychological model of Alfred Adler to Adolf Hitler through the examination of his views on architecture art and music This study was made possible by the publication of Billy F Price s volume of over seven hundred of Hitler s watercolors oils and sketches *Hitler: Philosopher King* Mark Morris,2020-08-30 Hitler and the NSDAP are a social and historical phenomenon and this book proposes that Hitler s Aspergic personality and postmodern philosophy combined to enable both his personal political success and then the nature of the regime that he constructed Hitler himself was clearly not a normal human being genius and exceptional in some areas his Asperger s enabled him to single mindedly pursue personal and political power Nietzsche s crystallisation of the previous century and a half of German idealism in a rigorous moral and cultural nihilism was reified and rolled out with Weberian bureaucratic and Prussian militaristic efficiency The post modern state created did not rest on history religious or cultural traditions Ideology was shaped instrumentally in order to yield the maximal amount of the only currency that survives the caustic deconstruction of postmodernism namely power itself
