A Pilgrim In Chinese Culture Negotiating Religious Diversity:

A Pilgrim in Chinese Culture Judith A. Berling, 2005-06-07 This engaging book on Chinese religion and culture by Judith Berling has been welcomed by longtime scholars of the same as a vital and fresh perspective. *A Pilgrim in Chinese Culture* is a story of faith meeting faith that will enrich wisdom seekers as well as provide a tool to introduce students to cross cultural and interfaith issues. Berling tells how she became immersed in the issues of religious diversity of her experiences living with religious neighbors and of discovering how different from her own Midwestern Protestant milieu is the world of Chinese religion and culture. In China one can be Buddhist, Confucianist, Taoist, and animist at a single moment. Exploring how this inclusivity can be achieved infuses *A Pilgrim in Chinese Culture*. The multiplicity of deities, the notion of Truth as having many embodiments, even patterns of hospitality. Berling examines how these key aspects of Chinese culture shape and inform religion in China. Through the tales it tells, *A Pilgrim in Chinese Culture* offers readers insights that no textbook can match, bringing home what religious diversity means in surprising and illuminating ways.

Disability and Religious Diversity D. Schumm, M. Stoltzfus, 2011-10-24 This collection of essays examines how diverse religions of the world represent, understand, theologize, theorize, and respond to disability and chronic illness. Contributors employ a variety of methodological approaches including ethnography, historical, cultural, or textual analysis, personal narrative, and theological/philosophical investigation.

Religious Diversity—What's the Problem? Rita M. Gross, 2014-04-24 Once upon a time on grounds of both religion and common sense, people assumed that the earth was flat and that the sun literally rose and set each day. When newly developing knowledge made those beliefs untenable, giving them up was difficult. Today, the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth. Both notions have become untenable given contemporary knowledge about religion. Even though many people are still troubled by the existence of religious diversity today, that diversity is a fact of life. Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun. This provocative book, based on the author's longtime practice of Buddhism and comparative study of religion, provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome. After we accept diversity as inevitable and become comfortable with it, diversity always enriches life, both nature and culture.

Moral Triumph Zhibin Xie, 2023-01-17 This book addresses the issue of Christianity in public life in China through methodological and constructive approaches. It aims to answer the following questions: How does Christianity with its moral and spiritual resources engage in and contribute to public life in China? How does Christianity operate amidst a background of religious diversity, cultural and social dynamics, and political realities in China? The distinctive contribution of this book is that it moves beyond simple description and evaluation of what is happening in Chinese Christianity toward a constructive theology for the distinctive realities of Chinese culture, society, and politics. This book proposes Christian public responsibility in order to identify the moral problems in

Chinese public life It attempts to enhance a public face of Christianity in China theologically and ethically by activating Christian resources in response to public life and highlighting Christianity's moral impact on the state and civil society without the imposition of confessional bonds or the exercise of authoritarian control quoted from Abraham Kuyper This book relies on both methodological and constructive approaches to define the meaning of public theology while making theological efforts to engage in public issues constructively in the Chinese context Besides the Western Christian public theologians such as Kuyper Reinhold Niebuhr and Nicholas Wolterstorff this book extensively refers to Chinese resources such as Christian thinkers philosophers and social scientists etc to perceive public theology in China This new formulation of Christian public theology in China desires to engage with Chinese experiences struggles traditions and ideology such as Confucianism and communism when investigating moral responses to public issues such as social justice human rights and religious freedom A Christian co construction with philosophical and social scientific perspectives on public life will lead to the modification of moral vocabulary in Chinese public life *Religious Diversity in Chinese Thought* P. Schmidt-Leukel, J. Gentz, 2013-09-04 This collection of essays by major scholars analyze the religious diversity in Chinese religion bringing together topics from traditional and contemporary contexts and Chinese religions encounters with Western religion **Religious Pluralism and Interreligious Theology** Schmidt-Leukel, Perry, 2017-02-16 **Interreligious Pedagogy** Jung Eun Sophia Park, Emily S. Wu, 2018-06-20 This volume is a collection of essays by former students of Judith Berling based on her revolutionary interreligious pedagogy Her pedagogy can be summarized as a student centered collaborative and engaging teaching and learning process sparked by various ways of boundary crossing In this enterprise each chapter explores the importance of understanding and negotiating differences through dialogue The authors provide theoretical frameworks for engagements across conventional borders and explore how the collaborative teaching model can be utilized in various teaching settings As an example of her dialogical approach Judith Berling herself provides a response to the chapters **A Garland of Feminist Reflections** Rita M. Gross, 2009-03-05 Rita M Gross has long been acknowledged as a founder in the field of feminist theology The essays in this book represent the major aspects of her work and provide an overview of her methodology in women's studies in religion and feminism **Berkeley Journal of Religion and Theology, Vol. 2, No. 1** BJRT GTU, 2016-11-06 Berkeley Journal of Religion and Theology Vol 2 No 1 This is the regular issue Journal Featuring 2015 Distinguished Faculty lecture the 2016 Readings of the Sacred Texts Lecture and the 2016 Surjit Singh Lecture as well as articles by Shin Young Park Brent Lyons Wesley Ellis and Jessica Tinklenberg Featuring several book reviews as well After Migration And Religious Affiliation: Religions, Chinese Identities And Transnational Networks Chee-beng Tan, 2014-08-20 This is a timely book that fills the gap in the study of Chinese overseas and their religions in the global context Rich in ethnographic materials this is the first comprehensive book that shows the transnational religious networks among the Chinese of different nationalities and between the Chinese overseas and the regions in China The book highlights
