## **A Moms Practical Guide To Baby Led Weaning:**

A Mom's Practical Guide to Baby-Led Weaning Brittany Dixon, 2015-01-28 A Mom's Practical Guide to Baby Led Weaning is written by popular blogger and mother of two Brittany Dixon [www.ahealthysliceoflife.com](http://www.ahealthysliceoflife.com) Prior to starting her blog Brittany was a certified fitness and weight management consultant who managed her own health coaching and metabolic testing company before closing it to stay home and raise her two beautiful daughters This book includes a brief history of the practice of Baby Led Weaning outlines benefits both for baby and parents answers common concerns discusses when and how to begin and even includes some recipes to get you started Baby led weaning or BLW is the practice of allowing babies to feed themselves whole foods from the very beginning That means babies use their little hands to grasp mash and feed themselves whole natural foods without special preparation It also means there's no need for you as a parent to stock up on hundreds of jars of pureed baby food or spend hours making your own or to sit and spoon food into your little one's mouth BLW does away with lots of the time consuming parts of baby feeding by allowing your baby to feed him or herself There are many reasons why parents might decide to try baby led weaning with their children There has been quite a bit of research lately that deals with the developmental benefits of BLW but there are also many more practical reasons why parents might be enticed to try BLW Perhaps they themselves were picky eaters and they are hoping to raise children with more adventurous palettes Maybe they are trying to save money on their family's food budget and they want to avoid having to purchase expensive baby foods Or maybe they care about obesity issues facing people particularly children and want to instill in their children a healthy relationship with food Any of these reasons are great ones for exploring baby led weaning with your children Maybe all of them make sense to you Or maybe your reasons are entirely different Whatever the rationale A Mom's Practical Guide to Baby Led Weaning is thorough enough to answer your questions and give you the confidence to succeed
