A Companion to Wittgenstein Hans-Johann Glock, John Hyman, 2025-09-22 **A COMPANION TO WITTGENSTEIN** The most comprehensive survey of Wittgenstein's thought yet compiled this volume of fifty newly commissioned essays by leading interpreters of his philosophy is a keynote addition to the Blackwell Companions to Philosophy series Full of penetrating insights into the life and work of the most important philosopher of the twentieth century the collection explores the full range of Wittgenstein's contribution to philosophy It includes essays on his intellectual development his work in logic and mathematics philosophy of language philosophy of mind and action epistemology ethics philosophy of religion and much else As well as examining Wittgenstein's contribution to human understanding in detail the Companion features vital contextual analysis that traces the relationship between his ideas and those of other philosophers and schools of thought including the

Aristotelian and continental philosophical traditions Authors also address prominent themes that remain current in today's philosophical debates explaining Wittgenstein's continuing legacy alongside his historical significance Essential reading for scholars of philosophy at all levels A Companion to Wittgenstein combines engaging commentary with unrivaled academic authority

A History of Women Philosophers M.E. Waithe, 1995 Like their predecessors and like their male counterparts most women philosophers of the 20th century have significant expertise in several specialities Moreover their work represents the gamut of 20th century philosophy's interests in moral pragmatism logical positivism philosophy of mathematics of psychology and of mind Their writings include feminist philosophy classical moral theory reevaluated in light of Kant Mill and the 19th century feminist and abolitionist movements and issues in logic and perception Included in the fourth volume of the series are discussions of L Susan Stebbing Edith Stein Hedwig Conrad Martius Simone de Beauvoir Simone Weil Mary Whiton Calkins Gerda Walther and others While pre 20th century women philosophers were usually self educated those of the 20th century had greater access to academic preparation in philosophy Yet for all the advances made by women philosophers over two and a half millennia the philosophers discussed in this volume were sometimes excluded from full participation in academic life and sometimes denied full professional academic status

The Significance of Religious Experience Howard Wettstein, 2014-11-12 In this volume of essays Howard Wettstein explores the foundations of religious commitment His orientation is broadly naturalistic but not in the mode of reductionism or eliminativism This collection explores questions of broad religious interest but does so through a focus on the author's religious tradition Judaism Among the issues explored are the nature and role of awe ritual doctrine religious experience the distinction between belief and faith problems of evil and suffering with special attention to the Book of Job and to the Akedah the biblical story of the binding of Isaac the virtue of forgiveness One of the book's highlights is its literary as opposed to philosophical approach to theology that at the same time makes room for philosophical exploration of religion Another is Wettstein's rejection of the usual picture that sees religious life as sitting atop a distinctive metaphysical foundation one that stands in need of epistemological justification
