

Bible

A black Bible with the word "Bible" in gold script is the central focus. It is resting on an open book with German text. The background is a soft-focus white cloth. The Bible has a black strap on the right side.

A Political History Of The Bible In America

Paul D. Hanson

A Political History Of The Bible In America:

A Political History of the Bible in America Paul D. Hanson, 2015-08-24 Biblical history enriched by many religious and cultural traditions flows into and is intertwined with our nation's epic both for better and for worse To ignore that history is to cut ourselves off from our roots and to deny the ancestral experiences that forged our individual and collective identity from the prologue This substantial work explores the interplay of religion and politics throughout the history of the United States Paul D Hanson traces American history back to colonial times paying close attention to the role that biblical tradition has played in shaping the national story of the United States He then presents a detailed study of politics in the Bible that is framed by the challenges and crises in American history Students will learn how deeply religion has influenced both domestic and international policy and contributed to the nation's sense of identity and purpose After laying these biblical historical foundations Hanson considers a method of biblical interpretation that can speak to the diverse nation of today He proposes an inclusive form of public moral discourse that invites full participation by members of all religious and philosophical groups

America's Three Regimes : A New Political History Morton Keller Professor of History Brandeis University, 2007-09-26 When historians take the long view they look at ages or eras the Age of Jackson the Progressive Era But these time spans last no longer than a decade or so In this groundbreaking new book Morton Keller divides our nation s history into three regimes each of which lasts many many decades allowing us to appreciate as never before the slow steady evolution of American public life Americans like to think of our society as eternally young and effervescent But the reality is very different A proper history of America must be as much about continuity persistence and evolution as about transformation and revolution To provide this proper history Keller groups America s past into three long regimes Deferential and Republican from the colonial period to the 1820s Party and Democratic from the 1830s to the 1930s and Populist and Bureaucratic from the 1930s to the present This approach yields many new insights We discover for instance that the history of colonial America the Revolution and the Early Republic is a more unified story than usually assumed The Civil War industrialization and the Progressive era did relatively little to alter the character of the democratic party regime that lasted from the 1830s to the 1930s And the populist bureaucratic regime in which we live today has seen changes in politics government and law as profound as those that occurred in the late 18th and early 19th centuries As Keller underscores the sheer staying power of America s public institutions he sheds light on current concerns as well in particular will the current political polarization continue or will more moderate forces prevail Here then is a major contribution to United States history an entirely new way to look at our past our present and our future packed with provocative and original observations about American public life

The Bible in the American Experience

Claudia Setzer, David A. Shefferman, 2020-09-07 An interdisciplinary investigation of the Bible s place in American experience Much has changed since the Society of Biblical Literature s Bible in American Culture series was published in the 1980s but the influence of the Bible has not waned In the United States the stories themes and characters of the Bible continue to shape art literature music politics education and social movements to varying degrees In this volume contributors highlight new approaches that move beyond simple citation of texts and explore how biblical themes infuse US culture and how this process in turn transforms biblical traditions Features An examination of changes in the production transmission and consumption of the Bible An exploration of how Bible producers disseminate US experiences to a global audience An assessment of the factors that produce widespread myths about and nostalgia for a more biblically grounded nation

God's Apocalyptic Insurrection Richard D. Crane, 2024-10-15 What if our inherited theologies of salvation are distorted by a sinful

history that includes white supremacy slavery and colonial conquest What if we perpetuate this distortion by continuing to imagine salvation as a legal transaction by which we are saved by God from divine punishment If salvation merely rectifies the individual's standing before God justice and human flourishing are viewed as peripheral to the gospel This book begins with a bit of deconstruction But the real need is construction or perhaps the discovery of another soteriological imagination To be saved is to be drawn into union with Jesus Messiah the bringer of the now and future reign of God where all things are rectified Jesus's life death and resurrected body are the space where a disordered creation is put right Jesus is God's apocalyptic insurrection against every power that dehumanizes harms and destroys human persons We are saved by the triune God by God's gracious acceptance that cannot be earned But we are saved for participation in the invasion of God's reign of justice healing and transformation Salvation has everything to do with caring for refugees resisting systemic racial and other injustices food for the hungry and valuing human persons as Christ incognito

Religion and the Rise of Capitalism Benjamin M. Friedman, 2022-01-11 From one of the nation's preeminent experts on economic policy a major reassessment of the foundations of modern economic thinking that explores the profound influence of an until now unrecognized force religion Friedman has given us an original and brilliant new perspective on the terrifying divisions of our own times No book could be more important George A Akerlof Nobel Laureate in Economics Critics of contemporary economics complain that belief in free markets among economists as well as many ordinary citizens is a form of religion And it turns out that in a deeper more historically grounded sense there is something to that idea Contrary to the conventional historical view of economics as an entirely secular product of the Enlightenment Benjamin M Friedman demonstrates that religion exerted a powerful influence from the outset Friedman makes clear how the foundational transition in thinking about what we now call economics beginning in the eighteenth century was decisively shaped by the hotly contended lines of religious thought within the English speaking Protestant world Beliefs about God given human character about the after life and about the purpose of our existence were all under scrutiny in the world in which Adam Smith and his contemporaries lived Friedman explores how those debates go far in explaining the puzzling behavior of so many of our fellow citizens whose views about economic policies and whose voting behavior seems sharply at odds with what would be to their own economic benefit Illuminating the origins of the relationship between religious thinking and economic thinking together with its ongoing consequences Friedman provides invaluable insights into our current economic policy debates and demonstrates ways to shape more functional policies for all citizens

The Bible in American Law, Politics, and Political Rhetoric James Turner Johnson, 1985

Reading the Bible with the Founding Fathers Daniel L. Dreisbach, 2017 No book was more accessible or familiar to the American founders than the Bible and no book was more frequently alluded to or quoted from in the political discourse of the age How and for what purposes did the founding generation use the Bible How did the Bible influence their political culture Shedding new light on some of the most familiar rhetoric of the founding era Daniel

Dreisbach analyzes the founders diverse use of scripture ranging from the literary to the theological He shows that they looked to the Bible for insights on human nature civic virtue political authority and the rights and duties of citizens as well as for political and legal models to emulate They quoted scripture to authorize civil resistance to invoke divine blessings for righteous nations and to provide the language of liberty that would be appropriated by patriotic Americans Reading the Bible with the Founding Fathers broaches the perennial question of whether the American founding was to some extent informed by religious specifically Christian ideas In the sense that the founding generation were members of a biblically literate society that placed the Bible at the center of culture and discourse the answer to that question is clearly yes Ignoring the Bible s influence on the founders Dreisbach warns produces a distorted image of the American political experiment and of the concept of self government on which America is built

The Oxford Handbook of the Bible in America Paul Gutjahr, 2017-11-01 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation

Whispering the Strategies of Language: An Mental Journey through **A Political History Of The Bible In America**

In a digitally-driven world wherever screens reign great and instant connection drowns out the subtleties of language, the profound techniques and emotional nuances concealed within phrases frequently move unheard. A Political History Of The Bible In America Introduction

In today's digital age, the availability of A Political History Of The Bible In America books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of A Political History Of The Bible In America books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A Political History Of The Bible In America books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A Political History Of The Bible In America versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A Political History Of The Bible In America books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A Political History Of The Bible In America books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A Political

History Of The Bible In America books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A Political History Of The Bible In America books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A Political History Of The Bible In America books and manuals for download and embark on your journey of knowledge?
