A Practical Dictionary Of Chinese Medicine:

A Practical Dictionary of Chinese Medicine Nigel Wiseman, Feng Ye, 2025-09 From the simple and common to the complex and rare this book contains subtleties distinctions and nuances of Chinese medicine never found in beginners texts Whether for translational or clinical application it presents the concepts of Chinese medicine exactly as they would come to the mind of a Chinese physician speaking or writing in their native language Arranged as a classical dictionary definitions are provided in English alphabetic order and include the English term the source Chinese term its Pinyin transliteration including spoken tone pronunciation etymology and one or more definitions as applied in Chinese medicine Terms used within definitions are cross referenced and disease and symptom descriptions include the standard therapies applied in the People's Republic of China Each definition is referenced to one or more Chinese source In all it lists the characters Pinyin translations and definitions for more than 10 000 medical concepts including treatments for the patterns described giving formulas medicinals and acupoints The definitions and treatments are drawn from clinically authoritative Chinese medical sources all of which are cited The many useful features include a full set of English common and commercial names for medicinal substances as well as standard Latin scientific names Western medical correspondences are noted as is nomenclature put forward by the World Health Organization The index is comprehensive and fully cross referenced it also includes lesser used terms and nomenclature so it may be used as a translators glossary This is a valuable work with a scope that is absolutely breathtaking It provides rapid access to an enormous amount of information for the student researcher or clinician and is a gold standard reference source for academic studies international exchange and training in Chinese medicine

A Practical Dictionary of Chinese Medicine Nigel Wiseman, 2014 From the simple and common to the complex and rare this book contains subtleties distinctions and nuances of Chinese medicine never found in beginners texts Whether for translational or clinical application it presents the concepts of Chinese medicine exactly as they would come to the mind of a Chinese physician speaking or writing in their native language

Practical Dictionary of Chinese Medicine Nigel Wiseman, 1998 Conveying the subtle distinctions and nuances of traditional Chinese medicine as no other work has done this volume provides definitions for thousands of terms Each entry includes the English term the Chinese source term its pinyin transliteration including spoken tone pronunciation etymology and one or more definitions as applied in Chinese medicine Terms used within definitions are cross referenced and disease and symptom descriptions include standard therapies used in the People's Republic of China

李维新 Nigel Wiseman, Ye Feng, 1998 Provides definition of terms as well as a description of symptoms and their clinical significance Gives acupuncture and medicinal treatments for virtually every disease and pattern

A Critical Comparison of Two Representative Chinese Medicine Dictionaries, 2009

Chinese-English Dictionary of Chinese Medical Terms Nigel Wiseman, 2022-07-21 Containing over 33 000 terms the Chinese English Dictionary of Chinese Medicine is the largest fully searchable list of Chinese medical terms ever published It

is the only sufficiently comprehensive list of Chinese medical terms to be an ultimate go to for any translator student or clinician It contains a vast array of general terms including the 5 000 or more of Practical Dictionary of Chinese Medicine Paradigm Publications 1997 It also contains the 1 500 standard and alternate acupoint names from Grasping the Wind Paradigm Publications 1989 and over 10 000 standard and alternate names of medicinals described in the Comprehensive Chinese Materia Medica Paradigm Publications 2023 derived from the Zh ng Y o D C Di n The present e book version offers maximum searchability without the need of indexes Chinese terms are given in simplified and complex characters so that they can be found by anyone who knows Chinese Pinyin is given in accented and unaccented form so that users can search by it whether they know the tones or have a system capable of entering tone marks General terms can be searched by English acupoints by alphanumeric codes and medicinals can be searched by English and Latin pharmacognostic names To make for the greatest utility without overly burdening the text a standard set of graphical indicators are used throughout this and other related e books Square brackets indicate elements of terms that can be omitted such as omissible elements of medicinal names or notes to Chinese and English terms A double asterisk indicates polysemous medicinal names A gray sidebar in the left hand margin indicates a commonly used item This dictionary has a history of over thirty years of continual expansion and refinement It began with a database created while writing Fundamentals of Chinese Medicine Paradigm Publications 1985 It was published in the form of Glossary of Chinese Medical Terms Paradigm Publications in 1990 It was expanded and republished in the form of the English Chinese Chinese English Dictionary of Chinese Medicine Hunan Science and Technology Press 1995 And in 2014 after further expansion it was made available as the Online TCM Dictionary on Paradigm Publications website These decades of development and publication have given the terms here presented the benefit of other scholars contributions as well as the refinements inspired by public critique Chinese English Dictionary of Chinese Medicine is an invaluable asset for translators and teachers engaged in compiling or presenting information from primary sources As a bilingual term list it has met the critical test of actual translations of the classical Chinese medical texts the Sh ng H n L n Paradigm Publications 1999 and J n Gu Y o L Paradigm Publications 2013 Chinese Medicine Theories of Modern Practice Paradigm Publications 2022 shows this terminology to be up to the challenge of presenting the entire theoretical knowledge of professional Chinese medical education This e book version offers translators suggestions for translation problems they come across in their work without proprietary restrictions and at an extremely low cost However the notion that Chinese medicine does not possess a terminology that requires a corresponding terminology in English and other languages has not faded from the Western world In view of this the present work also includes an introduction explaining issues surrounding terminology and translation

Key Concepts in Traditional Chinese Medicine Li Zhaoguo, Wu Qing, Xing Yurui, 2019-08-07 This book offers a comprehensive overview of Chinese medicine terminology translation defining the most central concepts in Chinese traditional medicine providing simplified Chinese characters Mandarin Pronunciation in

Principles of Chinese Medicine H. A. I. HONG, 2015-07-15 As the world's most comprehensive and deeply researched system of alternative and complementary medicine Chinese medicine enjoys a large following in scientifically developed communities Yet its concepts and principles have been shrouded in mystery and obscure language This path breaking book strips this ancient science of its mystique and metaphysical pretensions and interprets it to strike common ground with biomedical science Concepts like qi and meridians are interpreted not as physical entities but as constructs to facilitate diagnosis and therapy using heuristic models Written for medical professionals philosophers of medicine and discerning readers interested in holistic therapies the book offers a unique perspective of Chinese medicine in an advanced biomedical world It has practical chapters on cardiovascular disease irritable bowel syndrome and cancer and a compilation of Chinese herbs This second edition of the acclaimed Theory of Chinese Medicine has new material on chronic diseases and the intriguing possible convergence of biomedicine and TCM
