A Political History Of Japanese Capitalism:

A Political History of Japanese Capitalism Jon Halliday, 1978

Japanese Political History Since the Meiji

Restoration, 1868-2000 R. Sims, 2019-06-12 Japanese Political History Since the Meiji Restoration 1868 2000 explores through a combination of narrative and analysis the changes in the political process which lay behind Japan's transformation into a modern nation state its successive turn toward militarism fascism and the Pacific War and the imposition of a fully democratic constitution Sims examines closely such central topics as the Meiji renovation samurai modernisers the rise of liberal political parties the Meiji constitution Taisho democracy the wartime changes in the political system postwar reforms and the reverse course four decades of Liberal Democratic rule and the shake up of Japanese politics during the 1990s No other book has covered Japanese political history over the entire period since 1868 in such detail and the present volume aims to fill the gap between the various general histories of modern Japan and the ever increasing monographic literature

A Companion to Japanese History William M. Tsutsui, 2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan's history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

The Sublime Perversion of Capital Gavin Walker, 2016-03-25 In *The Sublime Perversion of Capital* Gavin Walker examines the Japanese debate about capitalism between the 1920s and 1950s using it as a prehistory to consider current discussions of uneven development and contemporary topics in Marxist theory and historiography Walker locates the debate's culmination in the work of Uno K z whose investigations into the development of capitalism and the commodification of labor power are essential for rethinking the national question in Marxist theory Walker's analysis of Uno and the Japanese debate strips Marxist historiography of its Eurocentric focus showing how Marxist thought was globalized from the start In analyzing the little heralded tradition of Japanese Marxist theory alongside Marx himself Walker not only offers new insights into the transition to capitalism the rise of globalization and the relation between capital and the formation of the nation state he provides new ways to break Marxist theory's impasse with postcolonial studies and critical theory

The Contemporary History Handbook Brian Brivati, Julia Buxton, Anthony Seldon, 1996 This guide should be useful to those studying and researching modern history International and up to date it covers sources and controversies in the subject area and includes a section of useful addresses The volume is divided into three main sections which together comprise a reference work for contemporary historians

The Pursuit of Power in Modern Japan 1825-1995 Chushichi Tsuzuki, 2000-04-13 This new history of modern Japan covers its remarkable transformation from a small country on the fringe of international politics to the major world power it is today Professor Tsuzuki traces Japan's pursuit of power first by military and then by economic means from her attempts to replace China at the centre of the Confucian Middle Kingdom

through the Meiji nationalist response to the inroads of nineteenth century western imperialism and on to the post war USJapanese alliance powering the economic miracle of the last half of the twentieth century He examines Japan s political intellectual and industrial development throughout the last two centuries with special attention to the wars that were fought and argues that the history of Japan s modernization was closely linked to the growth of Japan s own imperialism Tsuzuki goes on to reveal how some of the factors which contributed to remaking Japan as an economic giant have also been responsible for her recent economic and political difficulties

Dominant Ideologies (RLE Social Theory)

Bryan S. Turner, Nicholas Abercrombie, Stephen Hill, 2014-09-15 In this volume leading international scholars elaborate upon the central issues of the analysis of ideology the nature of dominant ideologies The ways in which ideologies are transmitted their effects on dominant and subordinate social classes in different societies the contrast between individualistic and collectivist belief systems and the diversity of cultural forms that coexist within the capitalist form of economic organization This book is distinctive in its empirical and comparative approach to the study of the economic and cultural basis of social order and in the wide range of societies that it covers Japan Germany and the USA constitute the core of the modern global economy and have widely differing historical roots and cultural traditions Argentina and Australia are white settler societies on the periphery of the capitalist world system and as a result have certain common features that are cut across in turn by social and political developments peculiar to each Britain after a decade of Thatcherism is an interesting test of the efficacy of an ideological project designed to change the cultural values of a population Poland shows the limitations of the imposition of a state socialist ideology and the cultural complexities that result

Sources of Japanese Tradition

Wm. Theodore de Bary, Carol Gluck, Donald Keene, 2005-06-19 In both the literal and metaphorical senses it seemed as if 1970s America was running out of gas The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned High unemployment runaway inflation and the energy crisis caused in part by U S dependence on Arab oil characterized an increasingly bleak economic situation As Edward D Berkowitz demonstrates the end of the postwar economic boom Watergate and defeat in Vietnam led to an unraveling of the national consensus During the decade ideas about the United States how it should be governed and how its economy should be managed changed dramatically Berkowitz argues that the postwar faith in sweeping social programs and a global U S mission was replaced by a more skeptical attitude about government s ability to positively affect society From Woody Allen to Watergate from the decline of the steel industry to the rise of Bill Gates and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers Berkowitz captures the history tone and spirit of the seventies He explores the decade s major political events and movements including the rise and fall of d tente congressional reform changes in healthcare policies and the hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social

movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as All in the Family and Charlie's Angels offered Americans both a reflection of and an escape from the problems gripping the country

State, Class and Underdevelopment in Nigeria and Early Meiji Japan Sakah Saidu Mahmud, 2016-07-27 This book compares the social processes that explain Japanese development beginning with the Meiji Restoration in 1868 with similar processes in post independent Nigeria in its effort to achieve capitalist development Before the Restoration and independence both Japan and Nigeria lacked any prospects for further development Japan however pursued fundamental social transformations of society leading to capitalist development whereas Nigeria following independence has lacked any transforming ideals resulting in underdevelopment and social stagnation

Contending Approaches to the Political Economy of Taiwan Edwin A. Winckler, Susan Greenhalgh, 2016-09-16 This work compares IT parks in China India Malaysia Singapore Taiwan and Hawaii in search of strategies that policy makers can employ to reduce the Global Digital Divide advance distributional equity and soften some of the negative effects of economic globalization
