A Quietist Jihadi The Ideology And Influence Of Abu Muhammad Al Maqdisi:

A Quietist Jihadi Joas Wagemakers, 2012-06-11 A groundbreaking assessment of the life and ideology of Abu Muhammad al Maqdisi one of the most influential radical Muslim thinkers alive today *A Quietist Jihadi-Salafi* Joas Wagemakers, Johannes Wagemakers, 2010 *Roots Of Religious Extremism, The: Understanding The Salafi Doctrine Of Al-wala' Wal Bara'* Mohamed Bin Ali, 2015-09-14 One of the issues in contemporary Islamic thought which has attracted considerable attention amongst Muslim scholars and within the Muslim community is the valid and appropriate attitude of Muslims to relationships with non Muslims A major source of confusion and controversy with regards to this relationship comes from the allegation that Muslims must reserve their love and loyalty for fellow Muslims and reject and declare war on the rest of humanity most acutely seen through the Islamic concept of Al Wala wal Bara WB translated as Loyalty and Disavowal which appears to be central in the ideology of modern Salafism This book investigates the dynamics and complexities of the concept of WB within modern Salafism and aims to understand the diverse interpretation of this concept and how modern Salafis understand and apply the concept in contemporary religious social and political settings The book discovers that the complexities diversities and disputes surrounding the concept in modern Salafism often revolve around issues of social political and current realities The significance of this book lies in the fact that comprehending modern Salafis conception of WB its realities and complexities has become an urgent priority in the lives of Muslims today **Jihadi Politics** Tore Hamming, 2022-11-01 In February 2014 al Qaida issued a statement that shocked the entire Jihadi movement For the first time in its history the group declared that a local affiliate the Islamic State in Iraq was no longer part of al Qaida The renegade Iraqi group led by Abu Bakr al Baghdadi had expanded its operations to Syria taking over the regional branch Jabhat al Nusra but in the process the group had defied orders from al Qaida s amir Ayman al Zawahiri Islamic State s actions and increasingly aggressive posture towards fellow Jihadis eventually ignited a Jihadi civil war a period defined by internal tensions that ultimately turned global With devastating impact this fitna left the Jihadi movement more polarized and fragmented than ever seriously threatening its internal cohesion Jihadi Politics presents the first exhaustive account of infighting within the global Jihadi movement Based on years of digital anthropology hundreds of primary documents and interviews with Jihadis it offers an unprecedented glimpse into historic and current conflicts between and within Jihadi groups This thorough examination of the years 2014 2019 offers a more nuanced understanding of the current state of Jihadism with important insights into its future evolution including Islamic State s role in Afghanistan *Al Qaeda, the Islamic State, and the Global Jihadist Movement* Daniel Byman, 2015-07-23 On the morning of September 11 2001 the entire world was introduced to Al Qaeda and its enigmatic leader Osama bin Laden But the organization that changed the face of terrorism forever and unleashed a whirlwind of counterterrorism activity and two major wars had been on the scene long before that eventful morning In Al Qaeda the Islamic State and the Global Jihadist Movement What Everyone Needs to Know

Daniel L Byman an eminent scholar of Middle East terrorism and international security who served on the 9 11 Commission provides a sharp and concise overview of Al Qaeda from its humble origins in the mountains of Afghanistan to the present explaining its perseverance and adaptation since 9 11 and the limits of U S and allied counterterrorism efforts The organization that would come to be known as Al Qaeda traces its roots to the anti Soviet jihad in Afghanistan in the 1980s Founded as the Soviets withdrew from Afghanistan Al Qaeda achieved a degree of international notoriety with a series of spectacular attacks in the 1990s however it was the dramatic assaults on the World Trade Center and the Pentagon on 9 11 that truly launched Al Qaeda onto the global stage The attacks endowed the organization with world historical importance and provoked an overwhelming counterattack by the United States and other western countries Within a year of 9 11 the core of Al Qaeda had been chased out of Afghanistan and into a variety of refuges across the Muslim world Splinter groups and franchised offshoots were active in the 2000s in countries like Pakistan Iraq and Yemen but by early 2011 after more than a decade of relentless counterterrorism efforts by the United States and other Western military and intelligence services most felt that Al Qaeda s moment had passed With the death of Osama bin Laden in May of that year many predicted that Al Qaeda was in its death throes Shockingly Al Qaeda has staged a remarkable comeback in the last few years In almost every conflict in the Muslim world from portions of the Xanjiang region in northwest China to the African subcontinent Al Qaeda franchises or like minded groups have played a role Al Qaeda s extreme Salafist ideology continues to appeal to radicalized Sunni Muslims throughout the world and it has successfully altered its organizational structure so that it can both weather America s enduring full spectrum assault and tailor its message to specific audiences Authoritative and highly readable Byman s account offers readers insightful and penetrating answers to the fundamental questions about Al Qaeda who they are where they came from where they re going and perhaps most critically what we can do about it What Everyone Needs to Know is a registered trademark of Oxford University Press [The Mecca Uprising](#) Nasir al-Huzaimi, 2020-12-10 On 20th November 1979 the Salafi Group led by a charismatic figure named Juhaiman al Utaibi seized control of the Sacred Mosque in Mecca the holiest site in the Muslim World The Salafi Group was not trying to establish an Islamic state Instead its members believed they were players in a prophetic script about the End of Time After a two week siege the Saudi government recaptured the mosque threw the survivors into prison and had them publicly executed The Mecca Uprising offers an insider s account of the religious subculture that incubated the Mecca Uprising written by a former member of the Salafi Group Nasir al Huzaimi Huzaimi did not participate in the uprising but he was arrested in a government sweep of Salafi Group members and spent six years in prison In 2011 he published his memoir Days with Juhaiman offering the most detailed picture we have of the Salafi Group and Juhaiman The Mecca Uprising had profound effects on Saudi Arabia and the Muslim world DC1 YG2 The Saudi government headed off opposition from religious activists and made efforts to buttress the ruling family s legitimacy as the guardians of Islam Huzaimi s memoir sheds light on the background of this religious and

political landscape and is the most detailed account we have of the Salafi Group and Juhaiman The English edition is complete with an introduction and annotations prepared by expert David Commins to help readers understand the relevance of the Meccan Uprising DC3 and how it fits into the history of the Islamic World DC1 lower case Muslim world YG2 changed to author s suggestion DC3 Mecca Uprising

Ancient Religions, Modern Politics Michael A. Cook, 2016-12-06 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today s social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world s leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today

Islam Meir Hatina,2016-11-14 Over the years the belief system around self sacrifice has become key to understanding the Middle East and its political relationships with the West although much of the literature and conversation has been restricted to modern concepts of jihadism The recent spate of scholarship relating to suicide bombers and jihadists studies these concepts without a broader understanding of the principle of martyrdom This book expands on the chronology of self sacrifice within Islam and contextualises the use of suicide bombings using details of the rise of martyrdom in places such as Iraq Lebanon Chechnya and Pakistan It historicises the background in which jihad has been glorified while also exploring contemporary methods of recruitment like the use of the internet The authors pay close attention to the different sects and factions of Islam and the differing interpretations of jihad that accompany these ideologies In the current political climate a book that explores martyrdom within the framework of historical perspectives geographical regions and the influence of outside cultures is essential
