framework and can instead harness your JavaScript web development skills. Make sure you have your HTML, CSS, and jQuery skills at the ready. In Module 2, we'll show you how to take advantage of React Native. It has a reputation for having a steep learning curve, but we'll make it easy for you, making sure you make full use of your existing knowledge and getting you up and running with a sample application. You'll also learn how to create components, how to create multiple screens, as well as using native UI components and accessing native APIs. In the third and final module, you'll get started with Ionic. With three practical projects you can build yourself, we've made sure that you'll be learning by doing, which means you'll not only develop new skills much more quickly, but you'll have produced something tangible at the end of it. This Learning Path combines some of the best that Packt has to offer in one complete, curated package. It includes content from the following Packt products: JavaScript Mobile Application Development by Hazem Saleh, Getting Started with React Native by Ethan Holmes and Tom Bray, Ionic Framework By Example by Sani Yusuf, Style and approach. This Learning Path course provides a simple and easy way to build mobile applications in JavaScript descendent technologies such as jQuery, ReactJS, and Ionic.
