the dehumanizing conditions at Pennhurst Their groundbreaking advocacy accelerated in 1968 by the explosive televised expos Suffer the Little Children laid the foundation for lawsuits that transformed American jurisprudence and ended mass institutionalization in the United States As a result Pennhurst became a symbolic force in the disability civil rights movement in America and around the world Extensively researched and featuring the stories of survivors parents and advocates this compelling history will appeal both to those with connections to Pennhurst and to anyone interested in the history of institutionalization and the disability rights movement
