Multiple Choice Questions and Standard Answer Questions for Orthopaedic Trainees Ilias G. Bisbinas, Dimitrios A. Georgiannos, 2024-05-29 In recent times both primary authors have observed that to establish a thorough and effective training program orthopaedic trainees should undertake intensive study of orthopaedic textbooks This should be complemented by daily practical application involving the use of questions including both multiple choice questions MCQs and short answer questions SAQs along with their corresponding solutions This recognition marked the initial phase of

developing and composing a book centered around orthopaedic questions We envisage that this publication will function as a valuable companion for each orthopaedic trainee providing prompt access to crucial knowledge and encouraging further study The current volume identified as Part I encompasses all relevant information that an orthopaedic trainee needs to adequately prepare a patient for surgery A subsequent section Part II will delve into knowledge related to regional orthopaedics
