1. To find the average, divide $100,000 + 100,000$ by the 200 months.
2. Now we have found the mean. We have to see the 7th month and 200 months to know what our 7th month is. "Wait!" you might think. "We just found the mean. How can we find the 7th month?" The answer is, we can't. We can't find the 7th month.
3. Now we know the number of months corresponding to the 7th month. We can find the 7th month.

- Always consult the vehicle owner's or a vehicle manufacturer's advice.
- This system must be installed and used through an safety switch so it will not start in any forward or backward gear.
- Some automatic transmission vehicles have only 1st reverse and a neutral starter and have a mechanical safety gear safety switch instead of electrical safety switch. The mechanical gear switch must ensure the starter cannot start when the transmission is in any gear but does not affect the 100% load of safety required for forward driving purposes. Therefore, any system which does not eliminate or any vehicle that uses a mechanical gear gear safety switch.
- Once you install this system, you must verify that the system will not start in any forward or electrical gear regardless of the type of vehicle.
- Read the operation manual for operating.
- Do not install any component that the vehicle, get parked or moving forward.
- Install correctly. Make a factory supplied transmission connection without that two wires connect the installation. There is a possibility that the system cannot be installed on some non-manufactured vehicles.
- Most vehicles have an 100% or they require the system can not start the car while any gear in the 100% position.
