A History of Medieval Jewish Philosophy Isaac Husik, 2020-07-18 Reproduction of the original A History of Medieval Jewish Philosophy by Isaac Husik

Jewish Philosophy Past and Present Daniel Frank, Aaron Segal, 2016-07-22 In this innovative volume contemporary philosophers respond to classic works of Jewish philosophy For each of twelve central topics in Jewish philosophy Jewish philosophical readings drawn from the medieval period through the twentieth century appear alongside an

invited contribution that engages both the readings and the contemporary philosophical literature in a constructive dialogue. The twelve topics are organized into four sections and each section commences with an overview of the ensuing dialogue and concludes with a list of further readings. The introduction to the volume assesses the current state of Jewish philosophy and argues for a deeper engagement with analytic philosophy exemplified by the new contributions. **Jewish Philosophy: Past and Present** Contemporary Responses to Classical Sources is a cutting edge work of Jewish philosophy and at the same time an engaging introduction to the issues that animated Jewish philosophers for centuries and to the texts that they have produced. It is designed to set the agenda in Jewish philosophy for years to come.

Jewish History and Jewish Memory Yosef Hayim Yerushalmi, 1998. Publication of Yosef Yerushalmi's *Zakhor* in 1982 inspired a generation of scholarly inquiry into historical images and myths, the construction of the Jewish past and the making and meaning of collective memory. Here eminent scholars in their respective fields extend the lines of his seminal study into topics that range from medieval rabbinics, homiletics, kabbalah and Hasidism to antisemitism, Zionism and the making of modern Jewish identity. Essays are clustered around four central themes: historical consciousness and the construction of memory; the relationship between time and history in Jewish thought; the demise of traditional forms of collective memory and the writing of Jewish history in modern times.

New Directions in Jewish Philosophy Aaron W. Hughes, Elliot R. Wolfson, 2010. Breaking with strictly historical or textual perspectives, this book explores Jewish philosophy as philosophy. Often regarded as too technical for Judaic studies and too religious for philosophy departments, Jewish philosophy has had an ambiguous position in the academy. These provocative essays propose new models for the study of Jewish philosophy that embrace wider intellectual arenas including linguistics, poetics, aesthetics and visual culture as a path toward understanding the particular philosophic concerns of Judaism. As they reread classic Jewish texts, the essays articulate a new set of questions and demonstrate the vitality and originality of Jewish philosophy.
