Handbook of Classroom Management Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together

disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management

The Concept of Milieu in Environmental Ethics Lařna Droz,2021-08-24 The Concept of Milieu in Environmental Ethics discusses how we can come together to address current environmental problems at the planetary level such as climate change biodiversity loss transborder pollution and desertification The book recognises the embedded individual sociocultural and environmental contexts that impact our everyday choices It asks in this pluralism of worldviews how can we build common ground to tackle environmental issues What is our individual moral responsibility within the larger collaborative challenge Through philosophical reasoning this book pragmatically addresses these questions and builds a framework to support sustainable ways of living At the core of the book it draws on the concept of milieu f do inspired by the Japanese philosopher Watsuji Tetsur which captures how we act within and perceive our surroundings as a web of culturally historically and geographically situated meanings and values It argues that the milieu connects us as individuals with community past and future history and the natural world providing us with common ground for global environmental ethics This book will be an engaging and interesting read for scholars researchers and students in environmental ethics philosophy and sustainability

Autonomy and Foreign Language Learning in a Virtual Learning Environment Miranda Hamilton,2013-06-13 Digitalised learning with its promise of autonomy enhanced learner choice independence and freedom is an intuitive and appealing construct but closer examination reveals it to be a rather simplistic proposition raising the following questions What do we mean by autonomy What are we implying about the role of the teacher the classroom and interaction between learners What do we understand about the impact of technology on the ecology of the learning environment This book describes the use of a Virtual Learning Environment VLE by a group of advanced English language learners in Mexico comparing what students thought and what they did in response to the technology The theoretical aim of the book is to work towards the construction of a theory of the development of autonomy and virtual learning in an EFL context Enhanced understanding about the relationship between autonomy and technology has the potential to inform

academics software designers materials writers teacher educators and teachers and to help learners in their quest to acquire a foreign language

Linguistic Bodies Ezequiel A. Di Paolo, Elena Clare Cuffari, Hanne De Jaegher, 2023-05-09 A novel theoretical framework for an embodied non representational approach to language that extends and deepens enactive theory bridging the gap between sensorimotor skills and language Linguistic Bodies offers a fully embodied and fully social treatment of human language without positing mental representations The authors present the first coherent overarching theory that connects dynamical explanations of action and perception with language Arguing from the assumption of a deep continuity between life and mind they show that this continuity extends to language Expanding and deepening enactive theory they offer a constitutive account of language and the co emergent phenomena of personhood reflexivity social normativity and ideality Language they argue is not something we add to a range of existing cognitive capacities but a new way of being embodied Each of us is a linguistic body in a community of other linguistic bodies The book describes three distinct yet entangled kinds of human embodiment organic sensorimotor and intersubjective it traces the emergence of linguistic sensitivities and introduces the novel concept of linguistic bodies and it explores the implications of living as linguistic bodies in perpetual becoming applying the concept of linguistic bodies to questions of language acquisition parenting autism grammar symbol narrative and gesture and to such ethical concerns as microaggression institutional speech and pedagogy
