In the Shadow of a Conflict, 2023-01-10 Zimbabwe has cast a powerful regional and international shadow since it became independent in 1980 and more recently through the crises of the first decade of the twenty first century The 2000s were a decade of combined political economic and social crises in Zimbabwe following what had been a relatively successful twenty years of independence since 1980 The scale depth and severity of the crises evolving since 2000 have been as dramatic as they have been unexpected While there has been substantial coverage of the internal consequences of Zimbabwe s crises less attention has been paid to its regional and cross border consequences In explaining the ongoing processes stemming from the crises this book looks at three neighboring countries Mozambique South Africa and Zambia to depict how over time they have experienced and interpreted events in Zimbabwe how they have dealt with Zimbabweans entering their territories and how they have or have not formulated policies and developed practices to cope with the arrival of new and mainly undocumented Zimbabwean immigrants

Reconciliation Discourse Annelies Verdoolaage, 2008 This volume is a research monograph analysing the South African Truth and Reconciliation Commission TRC from an ethnographic linguistic point of view The central proposition of this book is that the TRC can be regarded as a mechanism that leads to the hegemony of specific discourses thus exercising power The analysis illustrates how through a certain type of reconciliation discourse constructed at the TRC hearings a reconciliation oriented reality took shape in post TRC South Africa Basically the study points to the long term implications a truth commission can exert on a traumatised post conflict society The book is unique on several levels TRC discourse is explored in depth on the basis of personal stories from TRC testifiers a combination of Poststructuralist and Critical Discourse Analysis approaches form the theoretical foundations and an extensive bibliography provides an impressive database of TRC publications
