Aliens In The Old Testament:

Ancient Aliens in the Bible Xaviant Haze, 2025-09-12 Starting from the Old Testament these pages address the story of what is often not highlighted or worse deliberately forgotten or interpreted differently in order to conceal the potential disruptive effects Mauro Biglino Did a distant race of ancient aliens once inhabit the lands of the Bible Do the ancient writings of the Bible and other texts provide proof of their existence Did the prophets have close encounters with ancient aliens Were the angels physical beings sent to perform specific tasks by their alien masters *Ancient Aliens in the Bible* answers these questions and more Analyzing the historical and archaeological evidence and using the work of former Vatican translator Mauro Biglino as his guide Xaviant Haze provides ample proof that what our ancestors described in ancient biblical texts were real life events and not visions The UFO encounters in the Bible are described as concrete experiences by flesh and blood beings The angels were assigned specific duties and struggled to carry them out some even rebelled and took earthly wives forbidden by their superiors *Ancient Aliens in the Bible* reveals that Lamech's wife gave birth to the son of an angel with glowing eyes Moses was led to the promised land by UFOs Noah's great grandfather Enoch got a heavenly tour of space Your view of the Bible will never be the same

Aliens in the Old Testament Alan McGregor, 2012-09-17 There have been many books written about the past and present existence of aliens on our planet Earth Alan McGregor's book *Aliens In the Old Testament* is significantly different from those other books you've probably read Instead of a book full of all those UFO and alien abduction accounts you're likely already familiar with McGregor's book discusses the alien presence that appears so glaringly throughout the Old Testament In fact the alien presence is so blatant so obvious that you will wonder how you could have ever missed it It's the author's belief that the Old Testament if taken literally proves beyond doubt that the alien presence was a reality thousands of years ago and the Old Testament is a clear literal written record of this presence So wait just a minute If we take the Old Testament literally doesn't that prove God is real No A true literal read reveals a race of alien beings a race of beings that is as flawed as you and me Thousands of years ago when seemingly miraculous events were recorded and eventually assembled into what has come to be called the Old Testament these technologically advanced beings were seen as godlike Whatever technical wizardry they pulled off back then looked miraculous to the people of that time But we are no longer dazzled by what seemed miraculous to the people of the Old Testament We can now look at the Old Testament through a more realistic lens the lens of our present technology To prove his point McGregor lays out in detail several familiar stories of the Old Testament stories like the Creation story the Garden of Eden with its nasty talking snake the Destruction of Sodom and Gomorrah the Parting of the Red Sea and others Once you realize what's really going on you will see remarkable technology showcased in all these stories as just that technology not miracles Not to be missed is McGregor's detailed description of what kind of ship Ezekiel encountered in the desert Just what was that miraculous wheel way up in the middle of the air Others have tried to describe this mind blowing vehicle but McGregor gives you a vivid

picture of what Ezekiel really encountered The reality of it was simply too much for this Bronze Age human who was convinced he saw angels and God Almighty riding a flaming chariot This book features detailed interpretations of Old Testament text King James ver plus re imagined scenarios with dialogue that makes the original text come alive as an exciting story that puts you in the minds of the aliens as they interacted with Old Testament man To the author s knowledge this approach has never been taken before The book is also rife with illustrations and photos In addition to an exploration of Old Testament events Aliens In the Old Testament discusses the evidence of the alien presence in early cave art great art masterworks of more recent medieval times miraculous events in the 20th Century Catholic Church the Nazis of WWII and in the present day testimony of UFO sightings witnessed by NASA astronauts If you are willing to explore with an open mind this book will take you to a level of understanding no other book like this has ever given you And all of you who have that copy of the Old Testament or the Torah gathering dust on a bookshelf somewhere will realize that you now have the tools to do some of your own serious research All you have to do is open the book and read It should be noted that Aliens In the Old Testament DOES NOT set out to DISprove the existence of God It only seeks to uncover accounts of those beings that for thousands of years have been mistaken for God

Aliens, God, and the Bible Joel Curtis Graves, 2017-08-28 Insight into alien mysteries from creation to the Second Coming Discusses an ongoing alien conflict and what will happen to humans at the end of it Delves into unsolved Bible mysteries

Aliens in the Bible John W. Milor, 2000-04-04 To get more information on this book and my other books check out my website at www.AliensInTheBible.com When reading the Bible readers usually find moral guidance sometimes they perceive a sense of poetic beauty But how often do readers fall into the pages and swim among the ancient Hebrew characters How many people transcend the eons of time within the ancient text of the Bible then look up from their reading and consider for a moment that they are mysterious beings immersed in a mysterious creation How odd this current world must have looked we with our televisions space shuttles and computers in the visions of the prophets of old and how odd the world of antiquity looks to us today a world of giants magicians and sorcerers a world of legendary gods coming from the heavens Aliens in the Bible is a book of possibilities No claim of supreme knowledge in biblical interpretation is made rather scripture is presented and with it the pondering mind of the author Some pondering may be perceived as utterly preposterous despite the fact that science and historical literature other than the Bible may also support some suggested theories Nevertheless this book should be a healthy read it should touch the unseen eyes of the soul which delight in the revelations of the invisible realm Aliens in the Bible is researched information that places paranormal subjects into three categories supernatural entities realms of existence and phenomenon Within the scope of paranormal phenomenon unlike the title of this book may suggest a host of topics are covered Along with the existence of aliens ghosts thought forms artificial intelligence monsters and mythical beings are also discussed all with a biblical interpretation The realms of heaven and hell are explained in depth Other paranormal phenomenon such as reincarnation PSI astral projection

stigmata and more are also elaborated upon Some of the theories presented in this book might make the average Christian laugh Indeed they could be embossed on the front page of a tabloid Some of them are as follows 1 The beast spoken of in the book of Revelation might actually be an artificial intelligent life form 2 The giants of Genesis chapter 6 were genetically engineered hybrids of humans and fallen angels Dinosaurs and other monstrous prehistoric beasts were the results of precursory genetic experimentation leading up to the Nephilim giants 3 Astral projection was practiced at the Tower of Babel This ability aided in the growth of exponential knowledge 4 Satan once ruled a host of planets his home world was called Rahab God destroyed this world it became what is now known as the asteroid belt 5 The heaven reported by many non Christians that have had NDEs Near Death Experiences isnt really heaven at all Its actually a vacated paradise located within the midst of Hades ruled by demonic entities 6 What people perceive as reincarnation is actually possession of the deceased This book may be accused of not being focused on the primary message of the Bible The heart of scripture is the heart of God that He imbed Himself inside the body of a human being by the name of Jesus and willingly allowed Himself to be murdered Why did He do this Because He demands perfect justice yet seeing that we can never pay this price He paid it for us if only we accept Him on His terms Instead this books focus is on items that may be deemed a value of secondary importance in comparison with the essentials of the Christian faith such as the love of God the immaculate conception of Christ His work of salvation on the cross moral absolutes etc To all Christian readers I humbly request you humor this work for this book should serve a valuable twofold purpose First of all it will witness to seekers who often immerse
