*Allah to Z* Sam'n Iqbal, 2012-03-01 Who was Noah When do Muslims pray What can you find in Jannah From Allah to Zakat children of all faiths will delight in these 26 rhymes that introduce Islam in a fun contemporary way Coupled with bright illustrations from award winning artist Lina Safar each page will capture kids attention and open a window into Muslim culture and history *A for Allah* Roghayeh Jamali, 2021 **New Researches on the Quran: Why and How Two Versions of Islam Entered the History of Mankind** Dr. Seyed Mostafa Azmayesh, 2015 This book focuses on the time before the Quran and the emergence of Islam The research delves into the origin of the Quran using its verses alongside investigative works which support various new theories The Quran is a written document which according to recent discoveries such as the recently discovered world's oldest Quran manuscript at the University of Birmingham can be traced to the lifetime of Prophet Mohammad It focuses on the time preceding Islam and highlights the relationships that are pivotal for understanding the development of Islam The danger posed by false interpretations of the Quran has become increasingly more serious from first appearance of Islam until today the result of which we can see clearly in our current world Hence the Quran itself is the most important document to be researched and studied for resolving the problems caused by its false interpretation **A History of Conversion to Islam in the United States, Volume 2** Patrick D. Bowen, 2017-09-11 In *A History of Conversion to Islam in the United States Volume 2 The African American Islamic Renaissance 1920 1975* Patrick D Bowen offers an in depth account of African American Islam as it developed in the United States during the fifty five years that followed World War I Having been shaped by a wide variety of intellectual and social influences the African American Islamic Renaissance appears here as a movement that was characterized by both great complexity and diversity Drawing from a wide variety of sources including dozens of FBI files rare books and periodicals little known archives and interviews and even folktale collections Patrick D Bowen disentangles the myriad social and religious factors that produced this unprecedented period of religious transformation **Metaphysical Africa** Michael Muhammad Knight, 2021-11-30 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad's heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a

postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large
