**Between Babel and Pentecost** Andre Corten,Ruth Marshall-Fratani,2001-08-22 This text considers the important transnational character of Pentecostal movements in Africa and Latin America and their tendency to foster identities that transcend national and cultural contexts

**Between Babel and Pentecost** André Corten,Ruth Marshall-Fratani,2001-01 Over the past two decades Latin American and African countries have experienced a phenomenal growth of Pentecostal movements This form of Christianity only marginally present in these areas in the middle of the 20th century is now embraced by more than a hundred million faithful across two continents and continues to grow at an astonishing rate Despite the enormous differences which separate these lands and the individual societies within them one is struck by the similarity of Pentecostal manifestations in these diverse cultures Contemporary Pentecostalism provides a striking example of the paradox of difference and uniformity of flow and closure that seems to be at the heart of processes of transnationalism and globalisation

**Between babel and Pentecost : transnational Pentecostalism in Africa and Latin America** Ruth ; Corten Marshall-Fratani (Andre, eds),2001 *Pentecostalism, Globalisation, and Islam in Northern Cameroon* Tomas Sundnes Drønen,2013-01-15 Pentecostalism is among the fastest growing social movements in the 21st century This volume discusses global aspects of Pentecostal churches in northern Cameroon by describing how the local congregations interact with civil society traditional religion and Islam Extensive fieldwork and descriptions of the complex historical context within which the churches emerge makes the author draw attention to Pentecostal leaders as social entrepreneurs inspired both by local traditions and by a global flow of images and ideas This indicates that Pentecostalism can be interpreted both as a social and as a religious movement which manages to encounter mainline churches and Islam with flexibility and spiritual authority

**Pentecostalism in Africa** ,2014-10-16 Within recent decades Pentecostal charismatic Christianity has moved from an initially peripheral position to become a force to be reckoned with within Africa's religious landscape Bringing together prominent Africanist scholars from a wide range of disciplines this book offers a comprehensive and multifaceted treatment of the ways in which Pentecostal Charismatic movements have shaped the orientations of African Christianity and extended their influence into other spheres of post colonial societies such as politics developmental work and popular entertainment Among other things the chapters of the book show how Pentecostal charismatic Christianity responds to social and cultural concerns of Africans and how its growth and increasingly assertive presence in public life have facilitated new kinds of social positioning and claims to political power

**African Pentecostalism from African Perspectives** Ezra Chitando,Lovemore Togarasei,Loreen Maseno,2024-11-05 Although African scholars have made a significant contribution to the study of African Pentecostalism very few studies have reflected on their output Most of the contemporary publications on the widespread phenomenon of African Pentecostalism create the impression that only scholars from the Global North have contributed to the field This volume addresses the lacuna in the available scholarship by undertaking detailed analyses of

how African scholars from diverse academic disciplines and African Diasporan context have helped to shape the field The included chapters provide fresh data on new themes and perspectives in the field African Pentecostalism, the Bible, and Cultural Resilience Biri, Kudzai, 2020-04-30 This volume based on a PhD thesis submitted to the University of Zimbabwe investigates the resilience of Shona religion and culture among ZAOGA Pentecostal Christians Whereas the Pentecostal ideology suggests that old things have passed away it appears that old things continue to have high significance for the new The book demonstrates how belief in avenging spirits witches and witchcraft value of words spoken prior to death the role status and significance of women belief in unnatural events liturgy and salvation have remained relevant to the lives of ZAOGA Shona converts The patterns of continuity discontinuity extension collaboration contradiction re interpretation and rejection between Shona traditional religion and culture and ZAOGA are explored challenging the framing of African Pentecostalism as a mere imitation and parroting of US theology The conclusion is that while ZAOGA self consciously presents itself as a sophisticated trans national and progressive Pentecostal movement members continue to wrestle with Shona indigenous beliefs and practices An African womanist framework is adapted to challenge ZAOGA to promote the well being of women Yoruba in Diaspora H. Harris, 2006-09-16 The Nigerian diaspora is now world wide and when Yoruba travel they take with them their religious organizations As a member of the Cherubim and Seraphim church in London for over thirty years anthropologist Hermione Harris explores a world of prayer spirit possession and divination through dreams and visions *Conversion After Socialism* Mathijs Pelkmans, 2009-11-01 The large and sudden influx of missionaries into the former Soviet Union after seventy years of militant secularism has been controversial and the widespread occurrence of conversion has led to anxiety about social and national disintegration Although these concerns have been vigorously discussed in national arenas social scientists have remained remarkably silent about the subject This volume's focus on conversion offers a novel approach to the dislocations of the postsocialist experience In eight well researched ethnographic accounts the authors analyze a range of missionary encounters as well as aspects of conversion and anti conversion in different parts of the region thus challenging the problematic idea that religious life after socialism involved a simple revival of repressed religious traditions Instead they unravel the unexpected twists and turns of religious dynamics and the processes that have challenged popular ideas about religion and culture The contributions show how conversion is rooted in the disruptive qualities of the new capitalist experience and document its unsettling effects on the individual and social level

**Christianity and Public Culture in Africa** Harri Englund, 2011-08-15 Christianity and Public Culture in Africa takes readers beyond familiar images of religious politicians and populations steeped in spirituality It shows how critical reason and Christian convictions have combined in surprising ways as African Christians confront issues such as national constitutions gender relations and the continuing struggle with HIV AIDS The wide ranging essays included here explore rural Africa and the continent's major cities colonial and missionary legacies and mass media images in the twenty first

century They also reveal the diversity of Pentecostalism in Africa and highlight the region's remarkable denominational diversity Scholars and students alike will find these essays timely and impressive The contributors demonstrate how the public significance of Christianity varies across time and place They explore rural Africa and the continent's major cities and colonial and missionary situations as well as mass mediated ideas and images in the twenty first century They also reveal the plurality of Pentecostalism in Africa and keep in view the continent's continuing denominational diversity Students and scholars will find these topical studies to be impressive in scope Contributors Barbara M Cooper Harri Englund Marja Hinfelaar Nicholas Kamau Goro Birgit Meyer Michael Perry Kweku Okyerefo Damaris Parsitau Ruth Prince James A Pritchett Ilana van Wyk
