Pinsky,2022-04-05 A tangled web of family dysfunction fatal attraction and greed wends its way from the elegant Southern mansions of old Montgomery Alabama to the New Age salons of Boulder and rural windswept Wyoming in Drifting Into Darkness a true saga of bloodshed and betrayal Two grisly murders a brutal double parricide a suicide and a fourth death under suspicious circumstances Drifting Into Darkness is a tangled tale of family dysfunction fatal attraction and greed a saga that wends its way from the elegant Southern mansions of Montgomery Alabama to the New Age salons of Boulder Colorado to rural windswept Wyoming On Thanksgiving weekend in 2004 philanthropists Charlotte and Brent Springford Sr a wealthy socially prominent Montgomery couple were brutally beaten to death with an ax handle echoing the infamous case of Lizzie Borden Suspicion quickly fell on the Springfords gifted but troubled son Brent Jr who would be tried and sentenced to life without parole But a mystery remained Who was the mysterious elusive woman who claimed to be a Native American shaman that investigators believed manipulated Brent into this murder Journalists solving murders is a time tested trope in movies mysteries and on television But cops and cop reporters know that rarely happens in real life Except when it does Veteran crime reporter Mark I Pinsky who covered the sensational cases of serial killer Ted Bundy and Green Beret Dr Jeffrey MacDonald broke the cardinal rule of journalism by involving himself in the story Pinsky's extensive research prompted investigators to invite him to join their dogged pursuit of justice His access to unique and heart breaking behind the scenes material enables him to take readers with him into the troubled tortured minds of the case's main players

Supranationalism in the New World Order Paul Close,Emiko Ohki-Close,1999-03-25 Supranationalism in the New World Order argues that in the post Cold War distribution of global power and configuration of global players the European Union is just one among a growing number of regional regimes that are acquiring prominent roles in the process of global governance to some extent through the operation of differentiated zones of geo political management The EU is currently the most advanced and influential example of a regional regime by virtue of having the novel European Community at its core the EC uniquely being constructed around supranational institutions decision making and laws But the EU's uniqueness is

unlikely to last The evident competitive advantages of supranational regional regimes in conjunction with the realism generally adopted by the various global players is conducive to the consolidation and proliferation of SRRs in a manner consistent with the neo functionalist perspective on the progress of the EU Other prospective SRRs include the Association of Southeast Asian Nations the East Asian Economic Caucus the South Asian Society for Regional Cooperation the North American Free Trade Area and the Andean Community It is argued that the emerging character of the global system will increasingly depend on SRRs the relationships among such organizations and accordingly the doctrine of supranationalism The book offers a distinctive way of representing the global system global processes and global developments with the help of a set of freshly articulated concepts The result is a novel but highly contentious treatise **African Violet Magazine**
