Between a Rock and a Hard Place Tony Evans, 2010-10-01 You know the story God told Abraham he would become a great nation Then he told him to sacrifice his own and only son Isaac Abraham obeyed God and was about to kill Isaac when God intervened This is a classic between a rock and a hard place situation So how was Abraham able to obey in the face of losing it all Or to bring it closer to home what would you have done In this powerful book Tony Evans reveals what to do when your love for God is tested According to Evans When you don't know God or when you either forget or dismiss what is true about Him then you don't know how to respond Moving through passages in both the Old and New Testaments Evans makes a powerful case for obedient living as the key to an abundant life *Between a Rock and a Hard Place* Aron Ralston, 2004-09-15 One of the most extraordinary survival stories ever told Aron Ralston's searing account of his six days trapped in one of the most remote spots in America and how one inspired act of bravery brought him home It started out as a simple hike in the Utah canyonlands on a warm Saturday afternoon For Aron Ralston a twenty seven year old mountaineer and outdoorsman a walk into the remote Blue John Canyon was a chance to get a break from a winter of solo climbing Colorado's highest and toughest peaks He'd earned this weekend vacation and though he met two charming women along the way by early afternoon he finally found himself in his element alone with just the beauty of the natural world all around him It was 2:41 P M Eight miles from his truck in a deep and narrow slot canyon Aron was climbing down off a wedged boulder when the rock suddenly and terrifyingly came loose Before he could get out of the way the falling stone pinned his right hand and wrist against the canyon wall And so began six days of hell for Aron Ralston With scant water and little food no jacket for the painfully cold nights and the terrible knowledge that he'd told no one where he was headed he found himself facing a lingering death trapped by an 800 pound boulder 100 feet down in the bottom of a canyon As he eliminated his escape options one by one through the days Aron faced the full horror of his predicament By the time any possible search and rescue effort would begin he'd most probably have died of dehydration if a flash flood didn't drown him before that What does one do in the face of almost certain death Using the video camera from his pack Aron began recording his grateful good byes to his family and friends all over the country thinking back over a life filled with adventure and documenting a last will and testament with the hope that someone would find it For their part his family and friends had instigated a major search for Aron the amazing details of which are also documented here for the first time The knowledge of their love kept Aron Ralston alive until a divine inspiration on Thursday morning solved the riddle of the boulder Aron then committed the most

extreme act imaginable to save himself **Between a Rock and a Hard Place** a brilliantly written funny honest inspiring and downright astonishing report from the line where death meets life will surely take its place in the annals of classic adventure stories Between a Rock and a Hard Place Johanna vanZanten, Johanna van Zanten, 2023-08-01 **Between a Rock and a Hard Place** is set in The Netherlands during World War II Jacob van Noorden is a military policeman with a wife and two children and a third on the way just assigned his first job as chief of a crew in a rural town close to the German border When the German army invades and moves through his town Jacob and his crew have no defense They can only watch the tanks rumble by without stopping Jacob is forced to deal with the increasingly disastrous events of the Nazi regime s occupation He learns that in the end that every action he takes no matter how well intentioned has enormous long lasting consequences to those around him **Between a Rock and a Hard Place** Dr. Herldleen Russell, 2015-10-29 During a particular period in my life I felt as if I was between the proverbial rock and hard place It was as when the children of Israel in the book of Exodus on their journey to the Promised Land came to a place where Pharaohs army was behind and the Red Seas was in front I could not go forward and had no plans to go backward and the Red Sea would not open up to go forward The frustration of being in that place was terrible and I was at my wits end Just as an airplane arriving at its destination and preparing to land is told that it will not be able to do so because of some unforeseen circumstances is placed in a holding pattern so was I Come journey with me and see and learn what the Lord taught me Life happens to our best laid plans but God orders our steps even when we seemingly are not moving I was not between a rock and a hard place I was in Gods holding pattern

convincing in this new post secular world and makes the case for the renewed prospects for public theology as a form of Christian apologetics drawing from Biblical classical and contemporary sources Between a Rock and a Hard Place Oiva W. Saarinen, 2006-01-01 Where else can that well known phrase be better applied than to a study of the Finns in Sudbury Rock defines the physical reality of the Sudbury setting rugged hills mines farms and forests set in the Precambrian Shield Hard defines the human setting Finnish immigrants having to contend with the problems and stresses of relocating to a new culture with livelihoods that required great endurance as well as a tolerance for hazardous conditions Since 1883 Finnish immigrants in Sudbury men and women alike have striven to improve their lot through the options available to them Despite great obstacles the Finns never flagged in their unwavering fight for workers rights and the union movement And as agricultural settlers labour reformers builders of churches halls saunas and athletic fields Finns left an indelible imprint on the physical and human landscape In the process they have played an integral part in the transformation of Sudbury from a small struggling rail town to its present role as regional capital of northwestern Ontario This penetrating study of the cultural geography of the Finns in the Sudbury region provides an international national and local framework for analysis a model for future studies of other cultural groups
